**DECLARAIION TO CORRECT CHAIN OF TITLE**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

The undersigned, an authorized representative of the true assignee, Kaohsiung Medical University, hereby petitions the Commissioner of Patents to correct the chain of title in U.S. Patent Number 8,329,464 under the provisions of MPEP 323.01(c).

U.S. Patent Number 8,329,464 was filed on September 1, 2010 with an assignment executed on August 30, 2010 by the inventors Wen-Cheng Chen, Chun-Cheng Hung and Chia-Ling Ko assigning full right and title to the application and any resulting patent to Kaohsiung Medical University (Reel/Frame: 024924/0520). However, an additional assignment was erroneously recorded on April 11, 2013 listing Technocell Dekor GMBH & Co. KG as the assignor and Schoeller Technocell GMBH & Co. KG as the new assignee (Reel/Frame: 030197/0818).

However, at no time has Kaohsiung Medical University assigned their right and interest in the above noted application to another entity and as a result they have been and continue to be the owner of U.S. Patent Number 8,329,464.

Also enclosed herewith is a copy of the originally filed assignment and the fee required under 37 CFR 3.41.

I declare that all Statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true and further that willful false statements are punishable by fine and/or imprisonment under section 101 of Title 18 of the United States code.

Dated: Sept. 08, 2013
