ASSIGNMENT

WHEREAS, I, **Matthew W. Dames**, a citizen of the United States, residing at 721 Maple Lane, Clarion, Iowa 50525, have made an invention entitled **LOW PIVOTING BOOM ASSEMBLY** and have today executed an application for Letters Patent of the United States of America based thereon;

NOW, THEREFORE, for good and valuable consideration, receipt of which is acknowledged, I have agreed to assign and transfer and do hereby assign and transfer unto Hagie Manufacturing Company, a corporation of the State of Iowa, having its principal office at 721 Central Avenue West, Clarion Iowa 50525, its successors and assigns, the entire right, title and interest in and to the said invention and application, and in and to any division, continuation or continuation-in-part, of said application, and in or to any and all improvements in the said invention made by me or made jointly with others (provided any such improvement is made during my employment by said Company or within one year thereafter), and in and to any and all Letters Patent and reissues and extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under internal conventions, treaties, or otherwise), which have been or may be granted thereon or on any divisional, continuation (in whole or in part), renewal, reissue or other or further application based in whole or in part upon the said invention or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by me had this assignment and transfer not been made.

I do further agree for myself and for my heirs, executors and administrators, to execute and deliver without further consideration any further applications, assignments and documents, and to perform such other acts as I lawfully may, that may be deemed necessary by the said Hagie Manufacturing Company, its successors, assigns and nominees, fully to secure its interest as aforesaid and to obtain or maintain Letters Patent in any and all countries.

And, I do hereby authorize and request the Assistant Commissioner of Patents to issue any and all Letters Patent, which may be granted upon any of the said applications, to the said Hagie Manufacturing Company, as the assignee of the entire interest therein.
