have invented certain new and useful improvements as described in an application entitled CRYSTALLINE FORM OF γ -AMINOBUTYRIC ACID ANALOG for Letters Patent of the United States, the application having being filed in the United States Patent and Trademark Office on October 14, 2004 and assigned U.S. application serial number 10/966,507; and

WHEREAS, XENOPORT, INC., a corporation organized and existing under the laws of the state of Delaware, ("Assignee") is desirous of acquiring the entire right, title and interest in and to the invention, the application, and any and all Letters Patent or similar legal protection, foreign or domestic, to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the undersigned transfer to Assignee, its successors and assigns, the entire right, title, and interest in and to the invention, the above-identified patent application, corresponding domestic applications (including divisionals, continuations, and continuations-in-part), corresponding foreign applications, all Letters Patent or similar legal protection issuing thereon, and all rights and benefits under any applicable treaty or convention; and the undersigned authorize the Commissioner of Patents and Trademarks of the United States or foreign equivalent thereof to issue the Letters Patent or similar legal protection to the Assignee.

The undersigned authorize the Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent or similar legal protection, in its own name if desired, in any and all foreign countries.

The undersigned represent to the Assignee, its successors and assigns, that the undersigned have not and shall not execute any writing or do any act whatsoever conflicting with this Assignment. The undersigned, the executors or administrators of the undersigned, will at any time upon request, without additional consideration, but at the expense of the Assignee, its successors and assigns, execute such additional writings and do such additional acts as the Assignee, its successors and assigns, may deem desirable to perfect its enjoyment of this grant, and render all assistance in making application for and obtaining, maintaining, and enforcing the Letters Patent or similar legal protection on the invention in any and all countries.
