ASSIGNMENT OF PATENT RIGHTS

This assignment of Patent Rights, dated as of December 20, 2013, is by and between Robert Terry Simmons ("Assignor") and Tulsa Power Licensing Corp., a Delaware corporation ("Assignee"), and is being delivered pursuant to the Assignor's previous agreement to assign inventions conceived in the course of his employment.

NOW, THEREFORE, it is hereby agreed as follows:

For good and valuable consideration, the receipt of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and convey unto Assignee, or its designees, all of Assignor's right, title and interest in and to the patents and patent applications identified on Schedule A hereto, and all continuations, continuations in part, divisions, reissues, substitutions and extensions thereof, all rights to file patent applications and obtain patents in other countries worldwide claiming any priority thereto (including all such rights under all laws, treaties or international conventions, including the International Convention for the Protection of Industrial Property) and all rights in the inventions and patentable subject matter covered thereby, throughout the world, including the right to sue for past or future infringements thereof (collectively, "Patent Rights").

Assignor further agrees to and hereby does sell, assign, transfer and convey unto Assignee all rights: (i) in and to causes of action and enforcement rights for the Patent Rights including all rights to pursue damages, injunctive relief and other remedies for past and future infringement of the Patent Rights, and (ii) to apply in any or all countries of the world for patents, certificates of invention or other governmental grants for the Patent Rights, including without limitation under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty agreement or understanding. Assignor also hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents or certificates of invention which may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

The terms and conditions of this Assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon assignor, its successors, assigns and other legal representatives.
