ASSIGNMENT

We, **JiayingLiu** of Beijing, China; **Yue Zhuo** of Beijing, China; **JieRen** of Beijing, China; and **ZongmingGuo** of Beijing, China (“Assignors”); citizens of the People’s Republic of China; have invented certain new and useful

**NONLOCALITY-BASED SUPER-RESOLUTION RECONSTRUCTION METHOD
AND DEVICE**

for which we filed the following applications:

Chinese Patent Application **201110418317.3** filed on December 14, 2011

PCT Patent Application **PCT/CN2012/086570**, filed on December 13, 2012

Peking University having its principal place of business at No. 5, Yiheyuan Road, Haidian District, Beijing 100871, China; **Peking University Founder Group Co., Ltd.**, having its principal place of business at 5 Floor, ZhongGuanCun Founder Building, No. 298 ChengFu Rd., HaiDian District, Beijing 100871, China; and **Beijing Founder Electronics Co., Ltd.**, having its principal place of business at Founder Building, No. 9, Shangdiwu Street, Haidian District, Beijing 100085, China (“Assignees”), is desirous of acquiring all rights, title, and interests in and to Assignors’ invention, all patent applications for the invention, and all patents which may be granted for or upon the invention and applications in the United States of America and anywhere in the world.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors each irrevocably assign and transfer to Assignees the full and exclusive right, title, and interest, throughout the world, in and to the following:

- (a) the invention as set forth and described, for example, in the patent application specification(s) accompanying Assignors’ executed declarations;
- (b) all United States patent applications for the invention;
- (c) any and all refilings, divisions, continuations, and continuations-in-part of those United States patent applications;
- (d) any and all patents of the United States of America which may issue from any of the above items;
- (e) any and all reissue and reexamination certificates of those United States patents;
- (f) any and all applications for the invention filed in any and all countries foreign to the United States of America;

- (g) any and all refilings, divisions, and continuations of those foreign-filed applications;
- (h) any and all patents, certificates, and registrations of countries foreign to the United States of America which may issue from those foreign-filed applications, refilings, divisions, and continuations;
- (i) any and all extensions of, and additions to, the foreign-filed applications and patents, certificates, and registrations related thereto; and
- (j) any and all claims, causes of action, and damages for past, present, and future infringement or other unauthorized use of the above items, along with the right to sue for and to collect damages and other relief.

Assignors each further agree that upon request Assignors will promptly provide Assignees or its legal representatives all pertinent facts and documents relating to the invention and all other items listed above, and Assignors will testify as to the same in any interference, litigation, or proceeding related thereto. Further, Assignors will promptly execute and deliver to Assignees or its legal representatives any and all papers, instruments, and affidavits required to apply for, obtain, maintain, issue, and enforce all of the items listed above.

All of the above shall be held and enjoyed by Assignees and its successors, legal representatives, and assignors for their own use and benefit, for the full term for which the protections listed above may be granted, and Assignors hereby authorize and request the Commissioner of Patents and Trademarks to issue patents to Assignees in accordance with this Assignment.

This Agreement does not create any agency, employment, or partnership relationship between the parties. Unless set forth in a separate writing signed by Assignees, Assignors have no right or interest in any proceeds related in any way to the items listed above.

This Agreement is an integrated agreement that contains the entire understanding between the Parties regarding the matters addressed herein and may not be amended, extended or otherwise modified except by written agreement of the parties. This Agreement shall prevail over all prior communications between and among the parties or their representatives regarding the matters addressed herein.

The parties expressly agree that this Agreement shall not be construed against any party on the ground that such party was responsible for the preparation of this Agreement, or on any related ground. All terms contained herein shall be construed as singular, plural, masculine, feminine, or neuter, as context requires.
