PATENT

ASSIGNMENT OF UNITED STATES AND FOREIGN LETTERS PATENT

1 Introduction. DALLOZ SAFETY, INC., a Delaware corporation with offices at 2nd and Washington Streets, Reading, Pennsylvania 19601 ("DSI") is the sole owner of the United States and Foreign Letters Patents listed Schedule "A" attached hereto. DALLOZ FALL PROTECTION, INC., a Delaware corporation with offices at 1355 15th Street, Franklin, Pennsylvania 16323 wishes to acquire and exploit all of DSI's rights, titles and interests in and to the attached Letters Patent, applications throughout the world and underlying inventions.

2 Assignment of Letters Patent. As partial consideration for the stock of Assignee sold to Assignor, and for other and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, DSI sells, assigns and transfers to DFP as of January 1, 2000, its successors and assigns, all of its rights, titles, and interests in and to the attached Letters Patent and applications throughout the world and the underlying inventions.

3 Assignment of Reissues or Extensions of Letters Patent. In addition to the assignment of the attached Letters Patent and applications throughout the world and the underlying inventions, DSI sells, assigns and transfers to DFP all of its rights, titles, and interests in and to any reissues, divisions, continuations, continuations-in-part, or extensions thereof. This transfer also includes the rights to apply for patents and inventor certificates in respect thereof and to claim priority in and to the underlying inventions pursuant to rights accorded to DSI under the terms of the Paris International Convention and all other available international conventions and treaties; and the entire rights, titles and interests in any to any and all patents, patents of addition, utility models, patents of importation, revalidation patents and inventor certificates which may be granted throughout the world with respect of said inventions.

4 Assignment of Causes for Past Infringements. There is included in the assignments set out in Paragraphs 2 and 3 the right to bring suit in any court of competent jurisdiction to recover damages and profits for any past infringement of the attached Letters Patent.

5 Terms of Assignment. The attached Letters Patent and other rights assigned by this Instrument are for the use and exploitation of DFP its successor, and assigns to the end of the term for which the Letters Patent are granted or for which any reissues, divisions, continuations, continuations-in-part, or extensions of the Letters Patent are granted.

6 Assignor's Representations and Warranties. DSI represents and warrants the DSI has not granted or assigned and will not grant or assign any rights or interests inconsistent with those assigned by this Instrument. DSI represents and warrants that the attached Letters Patent are free of liens and encumbrances.

7 Assignor to Execute Other Instruments. DSI binds itself, its heirs, executors, administrators, assigns, and personal representatives to execute any writings or instruments and perform any acts that are necessary to carry out this Assignment. Without limiting the generality of the foregoing, DSI agrees to execute any documents that legally may be required in connection with the filing, prosecution and maintenance of the attached Letters Patent and/or any applications or inventor certificates in the United States and in foreign countries, including additional documents that may be required to affirm the rights of DFP's obligations under this Instrument shall extend to its successors, assigns and other legal representatives.

8. Authorization. DSI hereby authorizes and requests Commissioner of Patents and Trademarks to issue any and all United States Letters of Patent assigned by this Instrument to DFP, as the assignee of the entire rights, titles and interests in and to the same, for DFP's sole use and behoof; and for the use and behoof of DFP's successors and assigns, to the full end of the term for which such Letters Patent may be granted, as full and entirely as the same would have been held by DSI had this assignment not been made. DSI authorizes DFP, or its legal representatives, to insert or complete any documents or forms needed to effect recordation or perfect DFP's rights in the U. S. Patent Office.

9. Assignor agrees to execute and provide promptly after the execution hereof, such further instruments, documents or assignments as may reasonably be necessary to effectuate the purposes of this transaction and to consolidate, vest and record in Assignee the full ownership of the Patents and the right to recover for past infringements, and any licenses or authorizations to use the Patents granted by Assignor (or its predecessors) heretofore.
