INVENTION RELEASE AGREEMENT, ASSIGNMENT AND LICENSE

THIS "Invention Release Agreement, Assignment and License" ("AGREEMENT") is entered into by and between TeraHop Networks, Inc. ("TERAHOP"), a corporation organized under the laws of the State of Delaware, and a former employee of TERAHOP, namely, Robert W. Twitchell, Jr., ("TWITCHELL"), as of August 20, 2008 (the "EFFECTIVE DATE").

WHEREAS, TWITCHELL is or may be an inventor of one or more inventions and one or more inventive aspects thereof, as described in U.S. provisional patent application serial no. 60/943,551, filed June 12, 2007, now expired (collectively, the "INVENTIONS");

WHEREAS U.S. nonprovisional patent application serial no. 12/135,144, filed June 7, 2008, pending (the '144 Application) claims priority to U.S. provisional patent application serial no. 60/943,551;

WHEREAS, TERAHOP has reviewed and considered the INVENTIONS and the nature of their conception and has determined that TERAHOP has no interest in further pursuing the INVENTIONS; and

WHEREAS, TERAHOP has determined that no interests of TERAHOP would be adversely affected by TWITCHELL pursuing outside of TERAHOP the INVENTIONS, whether for personal or commercial purposes, including, but not limited to, obtaining patent protection for the INVENTIONS and developing, producing, marketing, and distributing one or more commercial products or systems related to the INVENTIONS, either by TWITCHELL directly or through one or more licensees or assignees of TWITCHELL;

NOW, THEREFORE, in consideration of the following and in exchange for One Dollar (\$1.00) and other good and valuable consideration, the receipt, value and sufficiency of which are hereby acknowledged by TERAHOP:

1. TERAHOP hereby releases TWITCHELL from any and all rights, demands, claims, damages, suits, or causes of action that TERAHOP has or possibly could have against TWITCHELL based solely on TWITCHELL'S pursuit outside of TERAHOP of the INVENTIONS.
2. TERAHOP hereby quitclaims to TWITCHELL any and all rights, title, and interest that TERAHOP has or may have in the INVENTIONS, and TERAHOP hereby assigns, conveys and transfers title in the '144 Application to TWITCHELL which '144 Application claims a method and a network of the INVENTIONS.
3. In exchange for the foregoing release and quitclaim, TWITCHELL hereby irrevocably grants back to TERAHOP a non-exclusive, worldwide royalty-free license to use, make, offer for sale, sell, and import products and systems of TERAHOP that use or incorporate any of the INVENTIONS. The worldwide irrevocable, royalty-free license granted herein is granted under the '144 Application, any application claiming priority thereto, any application claiming any of the INVENTIONS, any patent issuing from any and all such applications, and any reexam application and patent and reissue application and patent thereof.
4. TERAHOP and TWITCHELL intend that this AGREEMENT be recorded at the USPTO, and any applicable foreign patent office, for each of the applications and patents under which the worldwide, royalty-free license is granted hereunder.
