NOTICE OF PATENT ASSIGNMENT UNDER MPEP §306

This is a request for the recordation of a prior assignment recorded against the original parent patent.

In particular, this application is a continuation of United States Patent Application No. 13/165,053, entitled "Gem Tester" and filed on June 21, 2011, in the names of Daniel L. Kessler et al., which issued on October 22, 2013 as United States Patent No. 8,564,316; and which claims priority from United States Patent Application No. 61/356,943, entitled "Gem Tester" and filed on June 21, 2010, in the names of Kessler et al.

Recordation of the previously recorded parent assignment is respectfully requested.

ASSIGNMENT OF PATENT RIGHTS

EXHIBIT "B"

This Assignment of Patents is effective June 1, 2009.

Whereas, the undersigned, Tim Criswell ("Assignor") owns, is the inventor or co-inventor of, or has an interest in, those patents and applications listed in Exhibit A hereto, and all reissues, reexaminations, extensions, continuations, continuations in part, continuing prosecution applications, and divisions of such patents and applications; provisional patent applications that are or will be continuations or continuations in part of such patents and applications; and foreign counterparts to any of the foregoing including without limitation utility models ("Patents");

WHEREAS, Wynright Corporation, an Illinois corporation, its successors and assigns ("Assignee") is desirous of acquiring said Patents;

NOW, THEREFORE, BE IT KNOWN TO ALL WHOM IT MAY CONCERN that for and in consideration of the sum of One Dollar (\$1.00) and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over, and does hereby sell, assign, transfer and set over, unto Assignee, the entire right, title and interest for the United States, its territories, dependencies and possessions and in all countries foreign to the United States, including the full right to claim for any possessions and in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention, in and to said Patents (and/or patents that may be granted therefrom), and any divisions, continuations, reissues or extensions thereof; the same to be held and enjoyed by said Assignee, as fully and entirely as the same would have been held and enjoyed by said Assignor had this assignment and sale not been made, together with all claims for damages by reason of past infringement of said Patents with the right to sue for, and collect the same for its own use and for the use of its successors, assigns and other legal representatives.

Assignor hereby authorizes and requests the Commissioner of Patent and Trademarks of the United States of America and respective Patent Office officials in any country foreign to the United States of America to issue said Letters Patent to Assignee as the assignee of Assignor's entire right, title and interest in, to and under the Patents,

and Assignor hereby further authorizes Assignee to apply for Letters Patent in Assignees own name, utilizing any benefits which may exist under any International Agreement or in any country.

IN WITNESS WHEREOF, I set my hand on effective on the date first above written.

Tim Criswell

On the day and year aforesaid, before me personally appeared Tim Criswell, known to me to be the person described in and the person who executed the foregoing instrument of assignment and he did acknowledge the same to be his free act and deed.
