MANAGEMENT
Application No. 14/144,448, filed on 12/30/2013

ASSIGNMENT

WHEREAS, I, Sean Cassidy, 801 Pine St #6A, Seattle, WA 98101, a resident of the United States, am the original inventor or an original joint inventor of the invention disclosed in the above-identified application for a United States Letters Patent;

WHEREAS, Limelight Networks, Inc., a corporation of the State of Delaware having a principal place of business at 222 South Mill Ave., Suite 800, Tempe, AZ 85281, hereinafter referred to as "Limelight," is desirous of acquiring an interest in the invention and application and in any United States Letters Patent and Registrations which may be granted on the same;

For good and valuable consideration in the form of a bonus to the inventor, I have assigned, and by these presents do assign to Limelight all right, title, and interest in and to the invention and application and to all foreign counterparts (including patent, utility model, and industrial designs), and in and to any Letters Patent and Registrations which may hereafter be granted on any patent application claiming priority from the same in the United States and all countries throughout the world, and to claim the priority from the application as provided by the Paris Convention. The right, title, and interest is to be held and enjoyed by Limelight and Limelight's successors and assigns as fully and exclusively as it would have been held and enjoyed by me had this Assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation, or extension thereof.

I further agree that I will, without charge to me, but at Limelight's expense, (a) cooperate with Limelight in the prosecution of U.S. Patent applications and foreign counterparts on the invention and any improvements, (b) execute, verify, acknowledge, and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as Limelight lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries, and to vest title thereto in Limelight, or Limelight's successors and assigns. I waive any obligation of Limelight to file foreign counterparts on the invention or continue pursuit of prosecution of the invention and application and to all foreign counterparts. Limelight can in its sole discretion choose which countries to file foreign counterparts, unless I have previously informed Limelight in writing of any foreign counterparts I would like the option to pursue or prosecute.
