Lien Agreement

This Attorney's Lien agreement ("Agreement") is made and effective this Jan 9, 2014, by and between Yuvad Technologies Co., Ltd. ("Yuvad"), and Vista IP Law group, LLP ("Secured Party").

Yuvad hereby grants to the Secured Party an interest in certain property of Yuvad to secure such obligations as now are owed, and such obligations as in the future may be owed, by Yuvad to the Secured Party. Yuvad and the Secured Party expressly agree that this Agreement shall automatically govern existing obligations that the Yuvad owes to the Secured Party, and all future obligations, in any form, without further action by either party, and without express reference to such obligations in this Agreement or in such obligations.

Secured Party and Yuvad further agree as follows:

1. The described patents and patent applications ("Patents") in Exhibit A shall constitute the subject of this Agreement.
2. Yuvad represents and warrants to Secured Party that, with respect to the Patents, Yuvad possesses and shall possess at all times while this Agreement is in effect, full, complete and unencumbered title to such Patents, subject only to Secured Party's security interest hereunder; that Yuvad shall not at any time cause or suffer any part of the Patents, or any interest in any of Patents to be subject to any Security Interest other than that of Secured Party, except upon the written consent of the Secured Party; that Yuvad shall defend the Patents against the claims and demands of all persons other than Secured Party; that Yuvad shall at all times promptly pay and discharge, at Yuvad's expense, all taxes, assessments and other governmental charges which constitute or may become liens on the Patents; that, at the request of Secured Party, at any time, Yuvad shall execute such financing statements and other documents, pay such filing, recording and other fees, and do or cause to be done such other acts or things as Secured Party deems reasonably necessary to establish, perfect, and continue its security interest hereunder; and that Yuvad shall pay all costs, expenses, charges and other obligations, including, without limitation, reasonable attorneys' fees, suffered or incurred by Secured Party to protect, preserve, maintain and obtain possession of or title to the Patents, to perfect, protect, preserve and maintain the interest granted by this Agreement, and to enforce or assert any one or more of its rights, powers, remedies and defenses under this Agreement.
3. The parties agree that this Agreement is subject to the California Rules of Professional Conduct 3-300, and Yuvad acknowledges that (a) the terms and conditions of this Agreement have been fully disclosed to Yuvad in writing; (b) Yuvad has been told that the advice of independent counsel can be sought prior to execution of this Agreement.
4. The invalidity or unenforceability of any provision in this Agreement shall not cause any other provision to be invalid or unenforceable.
5. This Agreement constitutes the final agreement and understanding between the parties on the subject matter hereof and supersedes all prior understandings or agreements whether oral or written. This Agreement may be modified only by a further writing that is duly executed by both parties.

Yuvad and Secured Party have executed this Agreement on the date first above written.
