NOW, THEREFORE, in consideration of the premises and the mutual agreements and covenants hereinafter set forth, the Parties hereto agree as follows:

1. Assignment (a) Assignor hereby irrevocably assigns, transfers, conveys and delivers to Assignee, free and clear of any Encumbrances (other than Permitted Encumbrances), and Assignee hereby receives from Assignor, all of Assignor's right, title and interest in and to the Design Patent Application for the United States and for all foreign countries, including, without limitation, the inventions and improvements described and claimed therein, all reissues, revisions, divisionals, continuations, extensions, continuations-in-part and counterparts thereof and all corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter arising

or in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all rights to collect royalties, products and proceeds in connection with any of the foregoing and all rights to sue and recover damages or other relief for all past, present or future infringement, misappropriation or other violation of any of the foregoing, and all rights corresponding thereto throughout the world.
