WHEREAS, Gaming Technology Group, a corporation organized and existing under and by virtue of the laws of the State of Nevada, and having an office and place of business at 8820 West Russell Road, #160, Las Vegas, Nevada 89148 (the "Assignee"), desires to obtain a quitclaim of any right, title, and interest Assignor may have in or to said Applications.

NOW, THEREFORE, in consideration of the sum of One Hundred Dollars (\$100.00), and other good and valuable consideration, the receipt of which is hereby acknowledged, effective as of April 16, 2012 *nunc pro tunc*, Assignor hereby does quitclaim and agree to quitclaim, and

hereby assigns and agree to assign, transfer and agree to transfer, set over and agree to set over unto Assignee, its successors, legal representatives and assigns, any right, title, and interest Assignor may have to the Applications, and all divisions, reissues, reexaminations, renewals and continuations thereof, and all patents which have been or may be granted thereon anywhere in the world, and all reissues and extensions thereof, and all rights of priority under International Conventions, and all applications for patents which have been or may hereafter be filed from the Applications in any country foreign to the United States, and all patents which have been or may be granted for said Applications in any country foreign to the United States, and all extensions, renewals and reissues thereof; and Assignor hereby authorizes and requests, to the extent of any right Assignor may have to do so, the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all patents for said Applications to the said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND, for the consideration referenced above, Assignor does hereby sell and agree to sell, assign and agree to assign, transfer and agree to transfer, and convey and agree to convey to Assignee, his successors, legal representatives, and assigns any claims for damages and all remedies arising out of any violation of the rights assigned hereby that Assignor may have that may have accrued prior to the date of assignment to Assignee, or may accrue hereafter, anywhere in the world, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of the patents of the United States which have been or may be granted on the Applications, or for past infringements of any patent claiming priority to the Applications which has been or may be granted in any country anywhere in the world, together, in each case, with the right to fully and entirely stand in the place of the Assignor in all matters related to any of the foregoing.

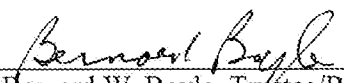

AND, for the consideration referenced above, Assignor does hereby agree that he and his executors and legal representatives will make, execute and deliver any and all other instruments in writing including any and all further application papers, affidavits, assignments and other documents, and will communicate to said Assignee, its successors and representatives, all facts known to Assignor relating to said Applications and will testify in all legal proceedings and generally do all things which may be necessary or desirable more effectually to secure to and vest in said Assignee, its successors or assigns, the entire right, title and interest in and to the Applications hereby assigned or intended so to be.

AND, furthermore Assignor represents and warrants that its only other assignments of rights, or attempted assignment of rights, under the Applications are to Assignee, as described in the Stock Purchase Agreement between Western Money Systems, Assignor, and Global Cash Access, Inc. dated August 4, 2009, and the Agreement and Plan of Reorganization and Corporate Separation between Western Money Systems and Assignee dated May 2010. AND, furthermore Assignor and Assignee agree that the value of the Applications is significantly greater than the monetary portion of the consideration referenced above.
