ASSIGNMENT

WHEREAS, **PDL BIOPHARMA, INC.**, incorporated under the laws of the State of Delaware, having a place of business at 932 Southwood Blvd., Incline Village, NV 89451 (hereinafter termed "Assignor"), is owner of all right, title and interest of Gao Liu (hereinafter named "Inventor") in and to certain new and useful improvements disclosed in **THERAPEUTIC USE OF ANTI-CS1 ANTIBODIES**, for which an application for United States Letters Patent having U.S. Patent Application No. **10/842,011** was filed **May 7, 2004** (hereinafter termed the "application"), by virtue of a prior assignment from said Inventor, and in and to all embodiments of the invention, heretofore conceived, made or discovered by said Inventor (all collectively hereinafter termed "said invention"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter termed the "patents") thereon granted in the United States and foreign countries;

WHEREAS, **FACET BIOTECH CORPORATION**, incorporated under the laws of the State of Delaware, having a place of business at 1500 Seaport Blvd., Redwood City, CA 94063 (hereinafter termed "Assignee"), is desirous of acquiring Assignor's entire right, title and interest in and to said invention, the application and the patents thereon granted in the United States and foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by Assignor to have been received in full from Assignee:

1. Assignor does hereby sell, assign, transfer and convey unto Assignee, all right, title and interest (a) in and to the application, the invention and the patents; (b) in and to all rights to apply for foreign patents on said invention pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said invention in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; and (d) in and to each and every reissue or extensions of any of said patents.

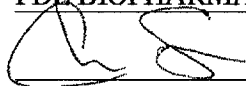

2. Assignor hereby covenants and agrees to cooperate with Assignee to enable Assignee to enjoy to the fullest extent all right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by Assignor shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by Assignee (a) for perfecting in Assignee all right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention;

(d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said invention; and (f) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including, without limitation, opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the reasonable expense incurred by Assignor in providing such cooperation shall be paid for by Assignee.

3. The terms and covenants of this assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, and its successors, assigns and other legal representatives.

4. Assignor hereby warrants and represents that it has not entered and will not enter into any assignment, contract or understanding in conflict herewith.

The undersigned, whose title is supplied below, is authorized to act on behalf of the Assignor.
