Assignment

WHEREAS, the undersigned inventor

Ashley Bernard Johnson, a citizen of the United Kingdom, residing at Milton, United Kingdom;

hereinafter referred to as the "Inventor" has made an invention entitled

GAS INJECTION FOR MANAGED PRESSURE DRILLING

as described and set forth in an application for Letters Patent of the United States of America, filed with the United States Patent and Trademark Office on November 11, 2013, Serial No. 14/117,002 (Docket No. IS11.0465-US-PCT).

WHEREAS the undersigned Inventor warrants that no person other than the undersigned Inventor is an inventor of the above-described invention;

AND WHEREAS, SCHLUMBERGER TECHNOLOGY CORPORATION, 300 Schlumberger Drive, Sugar Land, Texas 77478, the "**COMPANY**", is desirous of acquiring or confirming their acquisition of the right, title and interest in and to said invention, inventions or improvements for the United States of America and the entire right, title and interest, in and to said application and in and to any and all patents of the United States of America resulting therefrom;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, BE IT KNOWN, that the undersigned Inventor, for good and valuable considerations, the receipt and sufficiency of which hereby acknowledge, has sold, assigned, transferred and conveyed, and by this assignment does sell, assign, transfer and convey, unto said **COMPANY**, their successors and assigns, the right, title and interest for the United States of America in and to the above-described invention, inventions or improvements described or set forth in said application, in any form or embodiment thereof, and in and to said application, and in and to any confirmation, divisional, continuation, continuation-in-part, or substitute application which may be filed on said invention, inventions or improvements in the United States of America; and in and to any and all patents, reissues, extensions, additions or confirmations thereof which may be granted in the United States of America upon said invention, inventions or improvements,

TO HAVE AND TO HOLD the same to the full end of the term or terms for which any and all such United States patents and grants may be issued on said invention, inventions or improvements.

AND said Inventor does hereby authorize and request the United States Patent and Trademark Office to issue any and all of said United States patents on said application or applications to said **COMPANY**, their successors and assigns, as the assignee of the right, title and interest in and to the same, for the sole use and benefit of said **COMPANY**, their successors and assigns.

AND said Inventor, for the conditions aforesaid, does hereby covenant and agree to and with the said **COMPANY**, their successors and assigns, that said Inventor, his or her executors, administrators, or other personal representatives, shall and will do all lawful acts and things, make all rightful oaths, and make, execute and deliver any and all other instruments in writing, and any and all further applications, papers, powers, affidavits, assignments, disclaimers and other documents, which in the opinion of counsel for said **COMPANY**, their successors and assigns, may be required or necessary in the United States of America more effectually to secure to and vest in said **COMPANY**, their successors and assigns, the right, title and interest in and to said invention, inventions or improvements, application or applications, patents, rights, titles, benefits, privileges, and advantages hereby sold, assigned, confirmed, transferred and conveyed.

IN WITNESS WHEREOF I, **Ashley Bernard Johnson**, have hereunto set my hand and seal this 5 day of Feb, 2014.

Ashley Bernard Johnson

WITNESSED:

BE IT KNOWN, that **Ashley Bernard Johnson** is known to us to be the individual described in this assignment, that on this 5th day of February, 2014, we were personally present and did see him sign and execute this assignment and that he acknowledged to us that he executed the same as his free act and deed for the uses and purposes therein set forth.
