ASSIGNMENT

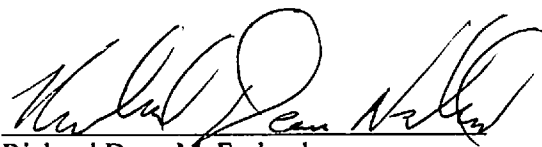

WHEREAS, I:

Richard Dean McFarland of 11955 Algiers Drive, Cincinnati, OH 45246,

have made a certain new and useful invention as set forth in an application for United States Letters Patent entitled CONDENSATE DRAIN CLEARING DEVICE AND METHOD, Attorney's Docket No. RMF-004, Serial Number 13/752,579, filed the 29TH day of January, 2013 (hereinafter referred to as "the patent application").

Now for good and valuable consideration, the receipt for which is hereby acknowledged, I assign to Good Day Tools LLC, its legal representatives, successors and assigns, the entire right, title and interest, including the right to claim priority of the filing date of said patent application under international conventions, in said invention as set forth in said patent application, including any regular, divisional, continuation, continuation-in-part, continued prosecution, or subsequent provisional application thereof, and in all patents, including any reissued, extended or reexamined patent thereof, of the United States and of any foreign country which may be issued for said invention, as fully and completely as the same would have been held by me had this assignment not been made. The entire right, title and interest shall vest irrevocably in Good Day Tools LLC. I further agree upon request, without additional compensation but at no expense to me, to execute or assent to foreign applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to Good Day Tools LLC, its legal representatives, successors and assigns, or as said Good Day Tools LLC may direct.

AND I request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention to said Good Day Tools LLC, its legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in said patent and the invention covered thereby.

Richard Dean McFarland
