ASSIGNMENT OF INVENTIONS

WHEREAS, Jeffrey C. Chapman, a individual residing in the Commonwealth of Virginia at 18780 Ridgeback Court, Lansdowne, VA 20176 (hereinafter referred to as the "Assignor"), is the owner of all right, title, and interest in and to the inventions and patent applications noted in Appendix A to this Agreement, which Appendix A is incorporated herein by reference thereto (collectively, the "Inventions"); and

WHEREAS, Assignor is a founder and Chief Executive Officer of Babel Street, LLC, a limited liability company organized and existing under the laws of the Delaware, having a place of business at 1818 Library Street, Suite 500, Reston, Virginia 20190 (hereinafter referred to as the "Assignee") and, in connection with Assignor's position with Assignee, Assignor desires to assign to Assignee the entire right, title, and interest in and to the Inventions and to any Letters Patent in regard to the Inventions listed above that may be and that have been granted therefor in all countries throughout the world.

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor does hereby assign, sell, and transfer to Assignee, its successors, assigns, and legal representatives: (i) the full and exclusive right to said inventions and said applications and to any and all inventions described in said applications for the United States, its territorial possessions and all foreign countries; (ii) the entire right, title and interest in and to any and all patents which may be granted therefor in the United States, its territorial possessions and all foreign countries and in and to any and all continuations-in-part, continuations, divisions, substitutes, reissues, extensions thereof, and all other applications for patents relating thereto which have been or shall be filed in the United States, its territorial possessions and/or any foreign countries; (iii) all rights, together with all priority rights, under any of the international conventions, unions, agreements, acts, and treaties, including all future conventions, unions, agreements, acts, and treaties; and (iv) all rights to sue and recover for, and the right to profits or damages due or accrued arising out of or in connection with, any and all past, present or future infringement of the Inventions.

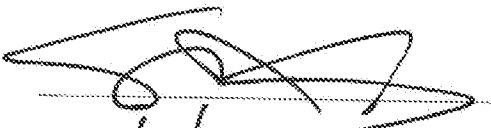

Assignor authorizes Assignee to apply for and receive patents for such protection in its own name, in the United States, its territorial possessions, and all foreign countries. Assignor further agrees that, when requested to carry out in good faith the intent and purpose of this assignment, without charge to Assignee, its successors, assigns and legal representatives, (i) Assignor will execute all continuations-in-part, continuations, divisions, substitutes, reissues, and extensions thereof, execute all rightful oaths, assignments, powers of attorney and other papers, testify in any legal or quasi legal proceedings; (ii) Assignor will communicate to said Assignee, its successors, assigns, and legal representatives, all facts known to the Assignor relating to said inventions and the history thereof; and (iii) Assignor will generally do everything possible which said Assignee, its successors, assigns or legal representatives shall consider desirable for aiding in securing, maintaining and enforcing proper patent protection for said inventions and for vesting title to said invention and all applications for patents on said inventions in said Assignee, its successors, assigns and legal representatives.

Assignor further covenants with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
