## ASSIGNMENT

WHEREAS,

**Christopher MAGNUSON**, a citizen of the United States, residing  
at 8911 Cote Court, Houston, TX 77064,

an ASSIGNOR, is an inventor of the invention in **METHODS AND SYSTEMS  
FOR PIPE MANAGEMENT ON A DRILLING RIG**, for which an application for a  
Patent of the United States of America was filed on February 20, 2014  
as U.S. Application No. 14/184,771;

WHEREAS, I hereby authorize and request the attorneys of record to  
insert the application number and filing date of said application if this assignment  
is being filed after the application has been filed; and

WHEREAS, **NABORS INDUSTRIES, INC.** (ASSIGNEE), with its  
registered office at 515 West Greens Road, Suite 1200, Houston, Texas 77067,  
is desirous of obtaining inventor's entire right, title, and interest in, to and under  
the invention, the said application and corresponding applications worldwide;

NOW, THEREFORE, in exchange for good and valuable consideration to  
the inventor, the receipt and sufficiency of which is hereby acknowledged, the  
ASSIGNOR has sold, assigned, transferred and set over, and by these presents  
does hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its  
successors, legal representatives and assigns, his or her entire, worldwide right,  
title and interest in, to and under the invention, including the above United States  
provisional application embodying the invention or any other United States  
application to which priority is claimed under 35 U.S.C. § 119 and to any  
application to which priority is claimed, or claiming priority to the application  
noted above, under 35 U.S.C. § 120, including all divisions, continuations, and  
continuations-in-part thereof, and all Patents of the United States which may be  
granted thereon and all reissues and extensions thereof; and all applications for  
industrial property protection, including, without limitation, all applications for  
patents, utility models, and designs which may hereafter be filed for said

invention in any country or countries other than the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said United States application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for the invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof, the same to be held and enjoyed by the ASSIGNEE, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted as fully and entirely as the same would have been held and enjoyed by the ASSIGNOR had this sale and assignment not been made;

And the ASSIGNOR hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

And the ASSIGNOR hereby covenants and agrees that he or she has the full right to convey the entire interest herein assigned, and that he or she has not executed, and will not execute, any agreement in conflict herewith;

And the ASSIGNOR hereby further covenants and agrees that he or she will communicate to the ASSIGNEE, its successors, legal representatives and assigns, any facts known to him or her respecting said invention, testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to aid the ASSIGNEE or, its successors, legal representatives and assigns, to obtain and enforce proper protection for said invention in all countries;

In witness whereof, each inventor has affixed his or her signature.

Dated: 19-Feb-14

Christopher Magnuson  
Christopher MAGNUSON
