ASSIGNMENT

FOR the sum of One Dollar (\$1.00), and other good and valuable consideration, the receipt of which is hereby acknowledged, I, the undersigned, do hereby SELL, ASSIGN AND TRANSFER to CaseTech International, Inc. (the "Assignee"), a corporation organized and doing business under the laws of Texas having a place of business at 195 South Belt Industrial Drive Houston, TX 77047, the entire right, title and interest in and to any and all improvements which are disclosed in the application for United States Letters Patent filed concurrently herewith, entitled **DUAL DIAMETER AND ROTATING CENTRALIZER/SUB AND METHOD**, and all divisional, continuing, substitute, renewal, reissue and other applications for patent which have been or shall be filed in the United States and all other countries foreign thereto on any such improvements, including all divisional, continuing, substitute, renewal, reissue and other applications for patent which have been or shall be filed in the United States, and all applications for patent which have been or shall be filed, and all patents and reissued patents which have been or shall be issued, in all other countries on such improvements for the full term(s) for which the same may be granted;

AUTHORIZE AND REQUEST the Patent and Trademark Office, and the offices in which any foreign applications corresponding to said application may be filed, to issue any and all such patents granted on such improvements to the Assignee;

WARRANT AND COVENANT that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by the undersigned, and that the full right to convey the same as herein expressed is possessed by the undersigned;

COVENANT that, when requested and at the expense of the Assignee, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute and deliver to the Assignee all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all such improvements, execute and deliver to the Assignee all rightful oaths, declarations, assignments, powers of attorney and other papers, communicate to the Assignee all facts known to the undersigned relating to such improvements and the history thereof, and generally do everything possible which the Assignee shall consider desirable for vesting title to such improvements in the Assignee, and for securing, maintaining and enforcing proper patent protection for such improvements in the United States and any foreign countries;

SAID ASSIGNMENT TO BE BINDING on the heirs, assigns, representatives and successors of the undersigned and extend to the successors, assigns and nominees of the Assignee.
