INVENTION ASSIGNMENT: NON-PROVISIONAL PATENT APPLICATION

Title: Curved Hammer  
Application No.: 13/403,625  
Docket No.: Genesis3-P0695-C

WHEREAS, the undersigned, Roger T. Young, a citizen of the United States of America, residing at 22 Prairie Park Drive, City of Prophetstown, County of Whiteside, State of Illinois, has invented a Curved Hammer, for which the undersigned has made non-provisional patent application for a U.S. Letters Patent filed on February 23, 2012, assigned serial number 13/403,625 of which the undersigned is now the owner of the entire right, title and interest.

NOW, TO ALL WHOM IT MAY CONCERN: Be it known that, pursuant to agreement between the undersigned and Genesis III, Inc., a corporation organized under the laws of the State of Illinois, and having its principal office at 5575 Lyndon Road, Prophetstown, Illinois, hereinafter referred to as the Assignee, and for other good and valuable considerations, receipt of which are acknowledged hereby, the undersigned has sold, assigned, transferred and set over, and does hereby sell, assign transfer and set over, unto the Assignee, all the right, title and interest which the undersigned has or may have in and to the said invention and application, including the right to file foreign, utility or design patent applications for said invention in the name of the Assignee, and any right of priority, and in and to any and all Letters Patent of the United States and of foreign countries that may be granted for said invention, and any reissue or extension thereof; the same to be held and enjoyed by the Assignee, its successors or assignees, as fully and entirely as the same would have been held and enjoyed by the undersigned had this assignment and transfer not been made.

And the undersigned does hereby authorize and request the Commissioner of Patents and Trademarks to issue the said Letters Patent, when granted, to the Assignee.

And for the above-named considerations, the undersigned hereby covenants and agrees that he will, at the request of the Assignee, its successors or assigns, execute any and all foreign, divisional, substitute, and continuation applications for said invention and any application for the reissue or extension of any Letters Patent that may be granted upon said application, or for the improvements described therein, that the Assignee, its successors or assigns, may deem necessary or expedient; and do all other and further acts that may be or become necessary to obtain said Letters Patent and any reissue or extension of the same.

IN WITNESS WHEREOF, the undersigned has hereunto set his hands and seals on the date indicated below.
