RELEASE OF PATENT SECURITY AGREEMENT

This Release of Patent Security Agreement (this “Release”) is given as of February 24, 2014, by Madison Capital Funding LLC, as administrative agent (in such capacity the “Grantee”). Capitalized terms which are not defined herein have the meaning given to such terms in the Guarantee and Collateral Agreement (as defined below).

WHEREAS, Grantee and AEGIS SCIENCES CORPORATION, a Tennessee corporation (“Grantor”) are parties to that certain Guarantee and Collateral Agreement dated October 21, 2010 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the “Guarantee and Collateral Agreement”) which required the parties to enter into the Patent Security Agreement (as defined below);

WHEREAS, pursuant to the terms and conditions of that certain Patent Security Agreement by and between Grantor and Grantee dated as of November 7, 2011 (the “Patent Security Agreement”), Grantor granted to Grantee a continuing security interest in Grantor’s entire right, title and interest in and to the Patent Collateral (as defined in the Patent Security Agreement), including, without limitation, the United States patents, the United States patent applications, the foreign patents and the foreign patent applications set forth on Schedule A attached hereto;

WHEREAS, the Patent Security Agreement was recorded in the United States Patent and Trademark Office on November 9, 2011, at Reel 027198 Frame 0766.

WHEREAS, Grantor has fully discharged and satisfied the obligations under the Patent Security Agreement; and

WHEREAS, Grantor has requested that the Grantee release, and the Grantee is willing to release, subject to the terms hereof, its security interest and any other right, title and interest it may have in and to the Patent Collateral.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantee hereby terminates the Patent Security Agreement, and hereby terminates, cancels and releases any and all security interests it has against the Patent Collateral, including, without limitation, the following:

(i) each Patent listed on Schedule A annexed hereto, together with any reissues, reexaminations, divisions or continuations thereof; and

(ii) all products and proceeds of the foregoing, including without limitation, any claim by Grantor against third parties for past, present or future infringement of each such Patent.

Grantee hereby reassigns, grants and conveys to Grantor, without any representation, recourse or undertaking by Grantee, all of Grantee’s right, title and interest (if any) in and to the Patent Collateral.

Grantee agrees to take such further action as may be reasonably requested by Grantor, from time to time, at Grantor's sole cost and expense, to effectuate and carry out the provision and intent of this Release, all without representations or warranties by the Grantee.

IN WITNESS WHEREOF, the undersigned has caused this Release of Patent Security Agreement to be executed and delivered as of the date first written above.
