ASSIGNMENT OF PATENT RIGHTS

For valuable consideration, I, Tomislav Pericin of Sremska Mitrovica, Serbia, hereby assign to Reversing Labs Holding GmbH, a corporation having a place of business at c/o Herbert Trachsler, Seefeldstrasse 283, CH-8008 Zurich, Switzerland, the entire right, title and interest throughout the world in the inventions and improvements which are subject of an application entitled Automated Unpacking of Portable Executable Files, filed on July 29, 2010, at the United States Patent and Trademark Office, under U.S. Utility Application No. 12/848,044. This assignment includes the right, title, and interest in the above-identified patent applications, the inventions disclosed therein, any improvements thereof, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions or improvements, disclosed in the above-identified patent applications, and the right to claim priority based on the filing date of any of the above-identified patent applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we each authorize the Assignee to apply in all countries in my name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and I agree for myself and my respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
