ASSIGNMENT

WHEREAS, I, **Ronald K. Westby** of Princeton, Minnesota ("Assignor"), have invented certain new and useful improvements in INK FOUNTAIN APPARATUS AND METHOD OF ADJUSTING INK FLOW FOR A FLEXOGRAPHIC PRINTING APPARATUS, for which an application for Letters Patent of the United States has been made, which may be identified in the United States Patent Office by Application No. 14/207,460, filed 12-MAR-2014 (the "Invention").

WHEREAS, PROBITY ENGINEERING, LLC ("Assignee"), a Minnesota Limited Liability Company, having a principal place of business at 12708 60th Ave., Milaca, MN 56353, is desirous of acquiring the entire right, title and interest in and to said Invention, said application and in, to and under any and all Letters Patent to be obtained therefore, both domestic and international;

NOW, THEREFORE, for good and valuable consideration to Assignor in hand paid by said Assignee, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, Assignor's entire right, title and interest in and to said Invention, said application, all applications claiming priority to said application, including all divisions, continuations, continuations-in-part or renewals thereof, and all Letters Patents, both foreign and domestic, that may or shall issue therefrom, including all reissues or extensions of such patents including all of Assignor's rights under the International Convention, and Assignor does hereby authorize and request the Commissioner of Patents to issue said Letters Patents to the above mentioned Assignee in accordance herewith.

Assignor hereby authorizes the above mentioned Assignee, its successors and assigns, or anyone it may properly designate, to insert in this instrument the date of execution and/or filing date and application number of said applications when ascertained.

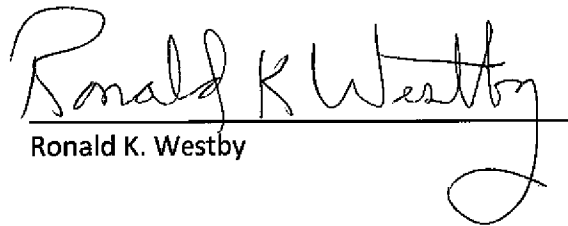

Assignor further authorizes said Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patents, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

Upon said consideration Assignor does hereby covenant and agree with the said Assignee, its successors and assigns, that Assignor will not execute in writing or do any act whatsoever conflicting with these presents, and that Assignor or his executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance

in making application for and obtaining original, divisional, continuation, continuation-in-part, reissued or extended Letters Patents of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

IN WITNESS WHEREOF, Assignor has hereunto set his hands and affixed his seal as dated below.
