Confirmation of Prior Assignment

In 2001, each of undersigned executed an Assignment of Patent Application in 2001 ("*Prior Assignment*") for patent application 09/709,487 that was filed on November 11, 2000, now patent 7,483,983, with the United States Patent and Trademark Office.

In the Prior Assignment, the attorneys empowered to handle patent application 09/709,487 were specifically authorized and requested to insert the application number and filing date in the Prior Assignment. For some reason, those attorneys did NOT fill in the application number or the filing date.

The undersigned hereby agree and confirm that the application number and the filing date that should have been included in the Prior Assignment were United States Patent Application No. 09/709,487 and that the filing date for such Application was November 11, 2000; this application is now United State Patent 7,483,983, granted January 27, 2009.

This Confirmation of Prior Assignment may be executed in counterparts, and once signed and delivered, any reproduction of this Confirmation of Prior Assignment made by reliable means (for example, .pdf or .TIFF format), will be considered an original, and all of which together constitute one and the same instrument.
