PATENT

ASSIGNMENT

WHEREAS, we, Matthew A. Hanlon of 9 Onyx Court, O'Fallon, Missouri 63366, and Richard Ormsby of \_\_\_\_\_ have invented certain new and useful improvements for an *Axially Reciprocating Microsurgical Instrument with Radially Compressed Actuator Handle* for which we have executed an application for Letters Patent in the United States identifying us as the sole inventors thereof (said application being identified as U.S. Patent Office Serial No. 12/942,460, and also Thompson Coburn LLP, Docket 54084-90649); and

WHEREAS, Synergetics, Inc., a corporation of the State of Missouri having its principal office and place of business at 3845 Corporate Centre Drive, O'Fallon, Missouri 63368, is desirous of acquiring the entire right, title and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to the patent to be obtained thereon.

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) to us in hand paid, and other good and valuable consideration, the receipt and adequacy of all of which are hereby acknowledged, we, Matthew A. Hanlon and Richard Ormsby, have sold, assigned and transferred and do hereby sell, assign and transfer unto said Synergetics, Inc., its successors or assigns, the entire right, title and interest in and to said invention and improvements as the same are disclosed in said application which was executed by us concurrently herewith preparatory to filing for Letters Patent, in and to said application, and in and to any and all Letters Patent and applications filed therefor, including provisionals, non-provisionals, divisionals, continuations, reissues, reexaminations and extensions to be obtained therefor in the United States and all foreign countries; and we further agree to cooperate with the assignee hereunder in the obtaining and sustaining of any and all such Letters Patent as the assignee may desire to apply for, but at the expense of said assignee.

The Commissioner of Patents or other proper official is hereby authorized and requested to issue said Letters Patent to said Synergetics, Inc. in accordance with this Assignment.

For said considerations, the undersigned hereby agree, upon the request and at the expense of said Assignee, to execute any provisional, non-provisional, divisional, continuation, continuation-in-part or substitute application for said invention or improvements, and any oath or affidavit relating thereto, and

any application for the reissue or extension of any Letters Patent that may be granted upon said application(s), and, in the event of any application or Letters Patent assigned herein becoming involved in an interference, to cooperate to the best of the ability of the undersigned in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof. The undersigned agrees to perform, upon request, any affirmative acts to obtain said Letters Patent of the United States and vest in said Assignee all rights therein, whereby said Letters Patent will be held and enjoyed by said Assignee, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

And for said consideration, the undersigned hereby assign to said Assignee the entire right, title and interest in said invention or improvements for all foreign countries, including all priority rights, and agrees to execute, at the request of said Assignee, all documents in connection with any application for foreign Letters Patent therefor.

IN WITNESS WHEREOF, I have hereunto set my hand the 16<sup>th</sup> day of December, 2010.
