PATENT

ASSIGNMENT

WHEREAS We, **Andrew Michael Maiden** of Sheffield, United Kingdom and **Martin James Humphry** of Sheffield, United Kingdom, have invented certain improvements in and to the subject matter of

**METHOD AND APPARATUS FOR PROVIDING IMAGE DATA FOR  
CONSTRUCTING AN IMAGE OF A REGION OF A TARGET OBJECT**

as described in U.S. Application No. **14/114,086** filed **25 October 2013**, (hereinafter the Application);

AND, WHEREAS, at the time of the invention of the improvements, said improvements were assigned to or under obligation of assignment to **PHASE FOCUS LIMITED**, a corporation organized and existing under the laws of **Great Britain**, and having offices at **The Sheffield Biocubator, 40 Leavygreave, Sheffield, South Yorkshire, S3 7RD, Great Britain**, (hereinafter Assignee);

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged by the undersigned, the undersigned have sold, assigned, transferred and set over and do hereby sell, assign, transfer and set over unto Assignee, its successors, assigns, and legal representatives, our entire right, title and interest in and to:

the invention or inventions as described in the Application, in all forms and embodiments thereof and in all countries and other jurisdictions;

the Application and all applications filed in all countries and jurisdictions based thereon or otherwise for the invention or inventions, including direct or indirect divisional, continuation, continuation-in-part, or substitute applications, and including the right to file all said applications under the provisions of the Paris Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, or other international convention or agreement;

all patents and reissues, reexaminations, or extensions thereof to be obtained in all countries and jurisdictions upon said invention or inventions or from all said applications; and

all such rights relating to prior infringements, retroactive or past royalties, provisional rights, and other retroactive or past relief or compensation;

AND, the undersigned hereby authorize and request the issuing authorities in all countries and jurisdictions to issue all patents on all said applications to Assignee or its successors and assigns;

AND, the undersigned further agree for ourselves and our heirs, executors and administrators, without any further payment or compensation by Assignee or its successors and assigns, to communicate to Assignee, its successors and assigns and to their representatives and agents, all facts relating to said invention or inventions including evidence for interference purposes or for other legal proceedings whenever requested; testify in all interference or other legal proceedings, whenever requested; execute and deliver, on request, all lawful papers required to make all of the foregoing provisions effective; and generally do everything possible to aid Assignee, its successors or assigns and nominees to obtain and enforce proper patent protection for said invention or inventions in all countries and jurisdictions;

AND, the undersigned hereby covenant for ourselves and our legal representatives, and agree with said Assignee, its successors and assigns, that we have granted no right or license to make, use, sell or offer to sell said improvements and inventions to anyone except said Assignee, that prior to the execution of this Assignment, our right, title and interest in said improvements and inventions had not been otherwise encumbered, and that we have not and will not execute any instrument in conflict herewith;

IN TESTIMONY WHEREOF, the undersigned have hereunto set their hands and seal.
