RELEASE OF SECURITY INTEREST IN PATENTS

THIS RELEASE OF SECURITY INTEREST IN PATENTS (this “Release”) is made as of March 14, 2014, by Citicorp North America, Inc. in its capacity as collateral agent (in such capacity, the “Collateral Agent”) pursuant to the First Amended and Restated Patent Security Agreement, dated as of September 1, 2004, among Crown Packaging Technology, Inc. (f/k/a Crown Technologies Packaging Corporation) and the Collateral Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”). Capitalized terms used but not otherwise defined herein have the meanings set forth in the Security Agreement.

WHEREAS, pursuant to the terms and conditions of the Security Agreement, the Grantor collaterally pledged to the Collateral Agent for the benefit of the Secured Parties (as defined in the Credit Agreement), and granted to the Collateral Agent for the benefit of the Secured Parties a lien on and security interest in, and a right of setoff against, and agreed to assign, transfer and convey, upon demand made upon the occurrence and during the continuance of an Event of Default without requiring further action by either party and to be effective upon such demand (the “Security Interest”), all of the Grantor’s right, title and interest in, to and under the Patents including those set forth on Schedule I hereto and all Proceeds of any and all of the foregoing (collectively, the “Patent Collateral”);

WHEREAS the Security Agreement has been recorded with the Assignment Division of the U.S. Patent and Patent Office (“USPTO”) on May 27, 2005 at Reel 016283 and Frame 0612; and

WHEREAS, the Collateral Agent acknowledges full performance of the Obligations under the Security Agreement and accordingly has agreed to release its Security Interest in the Patent Collateral and all Proceeds relating thereto, set forth in Schedule I hereto.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Collateral Agent hereby terminates, cancels, discharges and releases to the Grantor any and all goodwill, rights, title, interest, liens and security interests it has against the Patent Collateral, including, but not limited to, the Security Interest in the Patent Collateral, without any warranty or recourse.

If and to the extent the Collateral Agent has acquired any right, title or interest to any of the Patent Collateral, it hereby re-assigns and re-transfers such rights, title or interest to the Grantor, including, but not limited to, any and all rights to sue for and collect damages for past infringements.

The Collateral Agent hereby authorizes the Grantor, or the Grantor’s authorized representatives to: (a) record this Release with the USPTO and/or any other applicable governmental office or Agency, and (b) file UCC financing statement amendments with the applicable filing office in order to effectuate the release of the security interest of the Collateral Agent in the Patent Collateral.

The Collateral Agent agrees take all further actions, and provide to the Grantor and its successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all documents or other instruments), reasonably requested by the Grantor to more fully and effectively effectuate the purposes of this Release, all at the expense of the Grantor.

This Release shall be construed in accordance with and governed by the law of the State of New York.

(signature page follows)

IN WITNESS WHEREOF, the Collateral Agent has caused this Release to be executed and delivered by its duly authorized officer as of the date first set forth above.
