ASSIGNMENT

WHEREAS:

Robert J. Pelc (Assignor 1), residing at 6437 Indigo Bunting Place in Bradenton, Florida, U.S.A.; and

James Dean Upchurch (Assignor 2), residing at 5710 99th Avenue Circle E. in Parrish, Florida, U.S.A. ("Assignors")

have invented certain new and useful articles of manufacture disclosed in an PCT Application entitled:

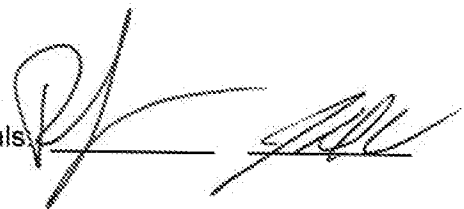

Pedestal Elevation System
(the "PCT Patent Application")

to be filed in the United States Patent and Trademark Office PCT Receiving Office on March 13 of 2014; and

WHEREAS:

The Ipe Clip Fastener Co., LLC ("Assignee"), a Florida limited liability company, having a place of business at 2111 58th Avenue E., Bradenton, Florida 34203, USA, desires to acquire all rights and title in the PCT Patent Application and any improvements thereon, including rights for the entire term afforded by the PCT Patent Application, as well as such rights as may be acquired for the entire term of any additional Provisional Patent Application, Non-provisional patent application, Re-issue, Re-examination, Divisional, Continuation, Continuation-in-part, Design and/or Substitute Application, as well as rights to the entire term of any counterpart Foreign Patent Applications, including any applications filed under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes, and the Foreign National Patent Applications that may be derived therefrom, as well as any Utility Model Applications, and Design Applications, and rights to the entire term of any Patent, Certificates and/or Registrations that may be granted upon any of the foregoing applications, and any priority rights (i.e., the right to claim the benefit of priority) to any of the foregoing Applications and/or Patents in whole or part, any Inventor's Certificates, and any and all other like rights of exclusion ("Invention").

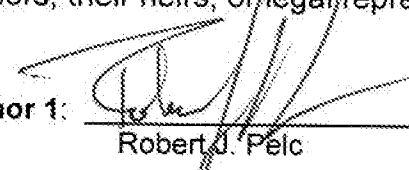

Therefore, for valuable consideration, the receipt of which is hereby acknowledged, Assignors assign to Assignee **One Hundred Percent** of their collective rights, titles, and interests in the PCT Patent Application and the Invention, including rights for the entire term afforded by the aforementioned applications, patent, and registrations, as well as such rights as may be acquired for the entire term of any additional applications, and Assignors authorize Assignee to apply in all countries in its name or in Assignors' names for any such rights as have been named in the foregoing section.

Assignors authorize the rights, titles and interests to be held and enjoyed by the Assignee and Assignee's successors and assigns as fully and exclusively as they would have been held and enjoyed by Assignors had this Assignment not been made.

Assignors hereby covenant that they have full right to convey the entire interest herein assigned and that no agreement has been executed or will be executed in conflict herewith.

Assignors further agree to: (a) cooperate with Assignee, its heirs, assigns and legal representatives in the prosecution of each and every Patent, Patent Application and like document relating to rights of exclusion resulting from this Assignment; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain or maintain the rights, titles and interests granted herein without further compensation to Assignors, their heirs, or legal representatives.
