ASSIGNMENT

Whereas I, Lisa L. HERRON-OLSON, with residence and citizenship as indicated below; have made an invention in

POLYPEPTIDES AND IMMUNIZING COMPOSITIONS CONTAINING GRAM POSITIVE POLYPEPTIDES AND METHODS OF USE

U.S. Provisional Patent Application Serial No. 60/652,843, filed 14 February 2005
U.S. Nonprovisional Patent Application Serial No. 11/353,459, filed 14 February 2006
International Patent Application No. PCT/US2006/005058, filed 14 February 2006

and executed an application for Letters Patent of the United States of America based thereon;

And Whereas I executed an Assignment conveying to Epitopix LLC any ownership interest I may have had in the above-referenced invention and applications by reason of making an invention while in the employ of SYNTIRON LLC (hereinafter referred to as the "Company"), a corporation of Minnesota having its principal office at 1000 Westgate Drive, St. Paul, Minnesota, 55114;

Now, therefore, for good and valuable consideration, receipt and sufficiency of which is acknowledged, if and to the extent I retain an ownership interest in the above-referenced patent application in view of the Assignment to Epitopix, I hereby assign and transfer unto Company, its successors and assigns, said ownership interest in and to said invention and applications, as well as any ownership interest I may have in and to any division or continuation (in whole or in part) of said application, and in and to any and all improvements in said invention made by me or made jointly with others (provided any such improvement is made during, or within one year after the termination of, my employment by the Company), and in and to any and all Letters Patent, reexaminations, reissues, or extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent, Utility Models, or Inventors' Certificates in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted thereon or on any divisional, continuation (in whole or in part), renewal, reexamination, reissue, or other or further application based in whole or in part upon said invention or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by me had this assignment and transfer not been made;

I do further agree for myself and for my heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such other acts as I lawfully may, that may be deemed necessary by the Company, its successors, assigns, and nominees, fully to secure its right, title, and interest as aforesaid and to obtain or maintain Letters Patent, Utility Models, or Inventors' Certificates in any and all countries;

And I do hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent which may be granted upon any of said applications, to Syntiron as the assignee of said ownership interest therein.

In witness whereof, I have hereunto signed my name on the day and year set forth below.
