ASSIGNMENT

WHEREAS, I/We

(1) Bernhard DURSCHANG of Bahnhofstraße 11, 97228 Rottendorf, Germany, and

(2) Jörn PROBST of Aljezurstraße 18A, 97273 Kitznach, Germany

hereinafter referred to as Assignor, have co-invented a certain invention entitled:

DENTAL RESTORATION, METHOD FOR PRODUCTION THEREOF  
AND GLASS CERAMIC

for which invention an application (provisional or non-provisional) for a U.S. patent was filed on December 17, 2013, under U.S. Application No. 14/127,048,

WHEREAS, I/we am/are some of the applicant(s) named in the above-identified U.S. Application; and

WHEREAS, FRAUNHOFER-GESELLSCHAFT zur förderung der angewandten Forschung e.V., of Hansastrasse 27c, 80686 München, Germany hereinafter referred to as Assignee, is desirous of acquiring my/our entire right, title, and interest in, to, and under the invention described in the patent application, including the entire priority right derived from the application,

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged,

Assignor assigns and transfers to Assignee and Assignee's legal representatives, successors, and assigns my/our entire right, title, and interest in, to, and under the invention, the referenced patent application, and other such applications (e.g., provisional applications, non-provisional applications, continuations, continuations-in-part, divisionals, reissues, reexaminations, national and regional phase applications, petty patent applications, and utility model applications) that may be filed in the U.S. and/or any country foreign to the U.S. on the invention, and the patents that may issue thereon,

Assignor conveys to the Assignee the right to make applications in Assignee's own behalf for protection of the invention in the U.S. and countries foreign to the U.S. and to claim priority to the referenced patent application and other such applications that may be filed in the U.S. or any country foreign to the U.S. on the invention under the Patent Cooperation Treaty, the Paris Convention, and any other international arrangements,

Assignor will not execute any writing or do any act conflicting with the terms of this assignment,

Assignor will at any time upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to pursue the

patent applications identified herein, including, but not limited to, rendering all necessary assistance in making applications for and obtaining patents that may issue thereon in the U.S. and any countries foreign to the U.S. on the invention, and in enforcing any rights accruing as a result of such applications or patents, by, for example, executing statements and other affidavits,

Assignor and Assignee agree the terms of this assignment shall bind, and inure to the benefit of, the legal representatives, successors, and assigns of all parties hereto,

Assignor authorizes Assignee to insert in this assignment the number and filing date of the application if the number and filing date of the application are not recited herein at the time of execution of this assignment by any or all of the parties hereto,

Assignor and Assignee agree that U.S. law governs this assignment, and

Assignee acknowledges and accepts this assignment.
