PATENT APPLICATION ASSIGNMENT

The undersigned, as inventors named in the patent application identified herein (hereinafter the "Assignor(s)"), for good and valuable consideration, receipt of which is hereby acknowledged, do hereby sell, assign and transfer unto Starkey Industries, LLC, (hereinafter "the Assignee"), its successors and assigns, the entire right, title and interest throughout the world in the inventions and improvements which are the subject of an application filed in the United States Patent and Trademark Office, and identified as follows:

Serial No. 61/773,315, filed March 6, 2013

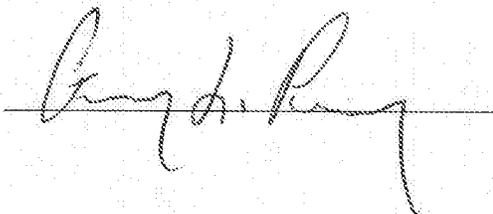

TELESCOPING BATON WITH IMPROVED STOPPING AND SHOCK ABSORBING ASSEMBLY

this assignment including said application, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purpose; and we authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models and design registrations and like rights of exclusion and for inventor's certificates for said inventions and improvements; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation, to perform such lawful acts and to sign such further applications, assignments, preliminary statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
