**INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT**

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (“Agreement”) is entered into as of March 14, 2014, by and among Testing Machines, Inc., a Delaware corporation, which will change its name on or around Closing to The Zeven Corporation, with a place of business at 12 W. Periwinkle Drive, New Castle, DE 19720, (“Assignor”), TMI Holdco, Inc., a Delaware corporation, which will change its name on or around Closing to Testing Machines, Inc., with a place of business at 4 Union Park, Boston, MA 02118 (“TMI Assignee”), and Industrial Physics Holdings, LLC, a Delaware limited liability company, with a place of business at 4 Union Park, Boston, MA 02118 (“IPH Assignee”). Capitalized terms used but not defined herein shall have the meanings given to such terms in the Purchase Agreement.

WHEREAS, Assignor and TMI Assignee are parties to that certain Purchase Agreement, dated as of even date herewith (the “Purchase Agreement”), which provides, among other things, that Assignor shall sell, convey, assign, transfer and deliver, and TMI Assignee shall purchase, acquire and accept from the Assignor, the Sold Assets, free and clear of all Liens (other than Permitted Liens);

WHEREAS, Assignor and IPH Assignee are parties to that certain Contribution Agreement, dated as of even date herewith (the “Contribution Agreement”), which provides, among other things, that Assignor shall contribute, convey, assign, transfer and deliver, and IPH Assignee shall accept from the Assignor, the Contributed Assets, free and clear of all Liens (other than Permitted Liens);

WHEREAS, in connection with the Purchase Agreement, Assignor desires to assign to TMI Assignee, all of Assignor’s right, title and interest in and to all Business Intellectual Property of the Business that are Sold Assets (the “Sold Intellectual Property”), and TMI Assignee desires to accept the assignment of the Sold Intellectual Property from Assignor, subject to the terms and conditions of the Purchase Agreement and this Agreement;

WHEREAS, in connection with the Contribution Agreement, Assignor desires to assign to IPH Assignee, all of Assignor’s right, title and interest in and to all Business Intellectual Property of the Business that are Contributed Assets (the “Contributed Intellectual Property”),

and IPH Assignee desires to accept the assignment of the Contributed Intellectual Property from Assignor, subject to the terms and conditions of the Contribution Agreement and this Agreement.

WHEREAS, after the contribution of the Contributed Intellectual Property, the IPH Assigned desires to contribute to TMI Assignee, all of IPH Assignee's right, title and interest in and to all of the Contributed Intellectual Property and TMI Assignee desires to accept the assignment of the Contributed Intellectual Property from IPH Assignee, subject to the terms and conditions of this Agreement.

NOW, THEREFOR, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged and further described in the Purchase Agreement, Assignor hereby sells, transfers and assigns to TMI Assignee, its successors, assigns or other legal representatives, all worldwide right, title and interest in and to (i) all of the Sold Intellectual Property and any and all registrations and applications for registrations for any Sold Intellectual Property, including, but not limited to, the Sold Intellectual Property set forth on Schedule A, and any continuations, continuations-in-part, divisions, reissues, reexaminations, and extensions thereof, and any rights to file applications and receive patents thereon, the same to be held and enjoyed by TMI Assignee for its own use and enjoyment; (ii) all income, proceeds, royalties, license fees, damages and payments now or hereafter due or payable with respect to the Sold Intellectual Property worldwide; (iii) all copyrights, author's rights, and other intellectual property rights embodied in and/or associated with the Sold Intellectual Property; (iv) all licenses and interests of every kind and nature in the Sold Intellectual Property; (v) the right to assign or license the Sold Intellectual Property; (vi) the right to prepare, reproduce and distribute copies of the Sold Intellectual Property, compilations including the Sold Intellectual Property, and derivative works based on the Sold Intellectual Property; (vii) all rights to claims, causes of action or remedies related thereto, all causes of action heretofore accrued in the Assignor's favor for past, present, and future infringement of the Sold Intellectual Property, and the right to sue for past and future damages and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives; and (viii) the goodwill of the business symbolized by the Sold Intellectual Property, together with that portion of the Business to which such Sold Intellectual Property pertains as and to the extent set forth in the Purchase Agreement. TMI Assignee shall have the sole and exclusive right throughout the world

in all languages and in perpetuity to use and exploit all or any part of the Sold Intellectual Property and all or any part of any material contained therein or prepared therefore, whether or not used therein, in any format or version, by any means and in any media, whether now known or hereafter developed.

FURTHER, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged and further described in the Contribution Agreement, Assignor hereby contributes, transfers and assigns to IPH Assignee, its successors, assigns or other legal representatives, all worldwide right, title and interest in and to (i) all of the Contributed Intellectual Property and any and all registrations and applications for registrations for any Contributed Intellectual Property, including, but not limited to, the Contributed Intellectual Property set forth on Schedule B, and any continuations, continuations-in-part, divisions, reissues, reexaminations, and extensions thereof, and any rights to file applications and receive patents thereon, the same to be held and enjoyed by IPH Assignee for its own use and enjoyment; (ii) all income, proceeds, royalties, license fees, damages and payments now or hereafter due or payable with respect to the Contributed Intellectual Property worldwide; (iii) all copyrights, author's rights, and other intellectual property rights embodied in and/or associated with the Contributed Intellectual Property; (iv) all licenses and interests of every kind and nature in the Contributed Intellectual Property; (v) the right to assign or license the Contributed Intellectual Property; (vi) the right to prepare, reproduce and distribute copies of the Contributed Intellectual Property, compilations including the Contributed Intellectual Property, and derivative works based on the Contributed Intellectual Property; (vii) all rights to claims, causes of action or remedies related thereto, all causes of action heretofore accrued in the Assignor's favor for past, present, and future infringement of the Contributed Intellectual Property, and the right to sue for past and future damages and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives; and (viii) the goodwill of the business symbolized by the Contributed Intellectual Property, together with that portion of the Business to which such Contributed Intellectual Property pertain as and to the extent set forth in the Contribution Agreement. IPH Assignee shall have the sole and exclusive right throughout the world in all languages and in perpetuity to use and exploit all or any part of the Contributed Intellectual Property and all or any part of any material contained therein or

prepared therefore, whether or not used therein, in any format or version, by any means and in any media, whether now known or hereafter developed.

Assignor covenants and agrees that it will, at any time upon written request by TMI Assignee or IPH Assignee, do everything reasonable to aid Assignee, its successors, assigns or other legal representatives to document, effectuate or protect the ownership rights assigned herein, all without further consideration, but at the expense of TMI Assignee or IPH Assignee, as applicable, and each of its successors, assigns or other legal representatives.
