ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, **The Texas A&M University System**, having a place of business at **3369 TAMU; College Station, Texas 77843-3369**, for itself, its assigns and legal representatives ("Assignor") hereby:

1. Sells, assigns and transfers to **Scott & White Healthcare**, a Texas corporation, having a place of business at **2401 South 31st Street; Temple, Texas 76508**, its successors, assigns and legal representatives, all hereinafter referred to as the Assignee, **an undivided fifty percent (50%) interest** for the United States and all foreign countries, in and to any and all inventions and designs which are disclosed in the Patent Application filed in the United States Patent and Trademark Office on **May 3, 2011** under No. **13/643,592**, bearing Attorney Docket No. **680251-21**, and entitled **Adult Stem Cells/Progenitor Cells for Treatment of Eye Injuries and Diseases**, and in and to the application and all corresponding provisional, non-provisional, divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent, utility models, industrial designs or similar intellectual property rights which have been or shall be filed in the United States, internationally, and in any foreign country, including but not limited to China, Japan and Korea, on any of the inventions; and in and to all original and reissued patents which have been or shall be issued in the United States or any other jurisdiction on the inventions, including the right to apply for patent rights in each foreign country and all rights to priority, including the right to claim priority for China, Japan and Korea, as well as the right to sue in its own name and recover damages for past infringement of any United States Letters Patent and foreign patent;
2. Agrees that the Assignee may apply for and receive Letters Patent and utility model and industrial design registrations for the inventions in its own name; and when requested, without charge to but at the expense of the Assignee, agrees to carry out in good faith the intent and purpose of this assignment, by executing all such further assignments, powers of attorney and other papers, by communicating to the Assignee all facts known to it relating to the inventions and the history thereof, and generally by doing everything reasonably possible which the Assignee shall consider desirable for aiding in securing and maintaining proper protection for the inventions and for vesting title to the inventions and all applications for patents and all patents on the inventions, in the Assignee;
3. Requests the Director of the United States Patent and Trademark Office and non-US patent authorities to issue the Letters Patent to the Assignee;
4. Authorizes and requests **Wolf, Greenfield & Sacks, P.C.** to supply any missing patent/application identification information or correct any errors in the patent/application identification information provided above, whether discovered prior to or after recordation;
5. Covenants with the Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by it and that full right to convey the same as herein expressed is possessed by it; and
6. Appoints Assignee, through its designee, its attorney-in-fact to execute, in its name and on its behalf, any and all documents required to effectuate this Assignment, specifically including, but not limited to, those documents specified above and any necessary corrective assignments.

This instrument is executed under seal and signed under the pains and penalties of perjury under the laws of the United States of America.
