ASSIGNMENT

WHEREAS, **JAMES BRAXTON HOLLAND** and **JAMES CURTIS BIGGS, III**, residing respectively at 297 Hamilton Drive, Clinton, NC 28328, USA and 628 Buck Swamp Road, Goldsboro, NC 27530, USA; (hereinafter referred to as Assignors), have invented certain new and useful improvements in **Filtrating Spike** ("the invention") for which an application for United States Patent Application was filed on January 28, 2014, and assigned Application No. **29/480,656**.

WHEREAS, **KMQ, INC.**, having a place of business at 279 Faison McGowan Road, Unit 2, Kenansville, North Carolina 28349, USA (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to the inventions and in and to any Letters Patent that may be granted therefor in the United States and in any and all foreign countries.

NOW, THEREFORE, for good and valuable and legally sufficient consideration, the receipt of which is hereby acknowledged, and for other good and valuable considerations, Assignors hereby sell, assign, and transfer unto said Assignee the full and exclusive right, title and interest to the inventions in the United States and in all foreign countries and the entire right, title, and interest in and to any and all Letters Patent which may be granted therefor in the United States and in any and all foreign countries and in and to any and all divisions, reissues, continuations, continuations-in-part, and all subsequently filed applications claiming priority thereon, as well as extensions thereof including the full right to claim for any such application the benefits of the International Convention.

Assignors hereby authorize and request the Patent Office Officials in the United States and in any and all foreign countries to issue any and all of said Letters Patent, when granted, to said Assignee as the owner of the entire right, title and interest in and to the same, for the sole use and behalf of said Assignee, its successors and assigns.

FURTHER, Assignors agree to communicate to said Assignee or its representatives any facts known to Assignors respecting said subject matter, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, and reissue applications, as well as all subsequently filed applications claiming priority thereon, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to said Assignee, make all rightful oaths and generally do everything possible to aid said Assignee, its successors and assigns, to obtain and enforce proper protection for any invention arising from said disclosed subject matter in the United States and in any and all foreign countries.

IN TESTIMONY WHEREOF, I have hereunto set my hand on the date appearing next to my signature.
