SECOND LIEN GRANT OF SECURITY INTEREST IN PATENT RIGHTS

This GRANT OF SECURITY INTEREST IN PATENT RIGHTS ("Agreement"), dated as of March 27, 2014, is made by D B Industries, LLC (the "Grantor"), in favor of Morgan Stanley Senior Funding, Inc., as collateral agent (the "Collateral Agent") for the several banks and other financial institutions (the "Lenders") from time to time parties to the Second Lien Credit Agreement, dated as of March 27, 2014 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), by and among Capital Safety Global Holdings Limited, a limited liability company organized under the laws of England and Wales ("Holdings"), Capital Safety Acquisitions Limited, a limited liability company organized under the laws of England and Wales ("Intermediate Holdco"), Capital Safety North America Holdings Inc., a Delaware corporation (the "Borrower"), the Lenders party thereto and the Collateral Agent.

W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement, the Lenders have severally agreed to make loans to the Borrower upon the terms and subject to the conditions set forth therein;

WHEREAS, in connection with the Credit Agreement, Grantor, the Borrower, Holdings, Intermediate Holdco and certain Subsidiaries party thereto, have executed and delivered a Second Lien Security Agreement, dated as of March 27, 2014, in favor of the Collateral Agent (together with all amendments and modifications, if any, from time to time thereafter made thereto, the "Security Agreement");

WHEREAS, pursuant to the Security Agreement, Grantor has pledged and granted to the Collateral Agent for the benefit of the Collateral Agent and the Secured Parties a continuing security interest in all Intellectual Property, including the Patents; and

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in order to induce the Lenders to make loans, Grantor agrees, for the benefit of the Collateral Agent, on behalf of the Secured Parties, as follows:

1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Credit Agreement and the Security Agreement.
2. Grant of Security Interest. Grantor hereby grants a security interest in all of Grantor's right, title and interest in, to and under the Patents (including, without limitation, those items listed on Schedule A hereto), including the right to receive all Proceeds therefrom (collectively, the "Collateral"), to the Collateral Agent for the benefit of the Secured Parties to secure the payment and performance of the Obligations.
3. Purpose. This Agreement has been executed and delivered by Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office. The security interest granted hereby has been granted to the Collateral Agent, for the benefit of the Secured Parties in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security Agreement (and all rights and remedies of the Secured Parties thereunder) shall remain in full force and effect in accordance with its terms.
4. Acknowledgment. Grantor does hereby further acknowledge and affirm that the rights and remedies of the Secured Parties with respect to the security interest in the Collateral granted hereby are more fully set forth in the Credit Agreement and the Security Agreement, the terms and provisions of which

(including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

5. Counterparts. This Agreement may be executed in counterparts (including by facsimile or other electronic transmission), each of which will be deemed an original, but all of which together constitute one and the same original.

6. Governing Law: This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

7. Intercreditor Agreement. Notwithstanding anything herein to the contrary, (i) the liens and security interests granted to the Collateral Agent pursuant to this Agreement are expressly subject and subordinate to the liens and security interests granted in favor of the Senior Secured Parties (as defined in the Intercreditor Agreement referred to below), including liens and security interests granted to UBS AG, STAMFORD BRANCH, as collateral agent, pursuant to or in connection with the Credit Agreement, dated as of March 27, 2014 (as amended, restated, supplemented or otherwise modified from time to time), among CAPITAL SAFETY GLOBAL HOLDINGS LIMITED, a limited liability company incorporated under the laws of England and Wales, CAPITAL SAFETY ACQUISITIONS LIMITED, a limited liability company incorporated under the laws of England and Wales, and CAPITAL SAFETY NORTH AMERICA HOLDINGS INC., the lenders from time to time party thereto and UBS AG, STAMFORD BRANCH, as administrative agent and collateral agent, and the other parties thereto, and (ii) the exercise of any right or remedy by the Collateral Agent hereunder is subject to the limitations and provisions of the Second Lien Intercreditor Agreement dated as of March 27, 2014 (as amended, restated, supplemented or otherwise modified from time to time, the "Intercreditor Agreement"), among UBS AG, STAMFORD BRANCH, as Collateral Agent, MORGAN STANLEY SENIOR FUNDING, INC., as Initial Second Priority Representative, and the other parties party thereto. In the event of any conflict between the terms of the Intercreditor Agreement and the terms of this Agreement, the terms of the Intercreditor Agreement shall govern and control.

Any requirement of this Agreement to deliver Collateral to the Collateral Agent prior to the Discharge of Credit Agreement Obligations (as defined in the Intercreditor Agreement) shall be deemed satisfied by delivery of such Collateral to the First Lien Collateral Agent (as defined in the Credit Agreement).

[SIGNATURE PAGES FOLLOW]
