ASSIGNMENT

IN CONSIDERATION of One Dollar and other good and valuable consideration, receipt of which is hereby acknowledged, I, Amber M. Patterson, a citizen of the United States of America, and residing at 935 Raintree Court, Westerville, Ohio 43081, U.S.A., do hereby sell, transfer, set over and assign unto Research Institute at Nationwide Children's Hospital an Ohio corporation with a principal place of business at 700 Children's Drive, Columbus, Ohio 43205, U.S.A., its successors, assigns, nominees, or other legal representatives, the entire right, title and interest in and to the invention/ornamental design entitled MEDICAL TESTING APPARATUS, ("said Invention") invented by me, including the entire right, title and interest in and to the corresponding United States U.S. Design Patent Application filed March 15, 2013, and assigned serial number: 29/449,391 ("said U.S. Design Patent Application"), and further including the entire right, title and interest in and to any and all U.S. and/or foreign patent applications, registrations, community designs, and the like, including any and all non-provisional patent applications and any and all international patent applications, claiming priority from said U.S. Design Patent Application, and further including any and all continuation, divisional, continuation-in-part, and/or reissue patent applications of or from such U.S. and/or foreign patent applications, including the subjects-matter of any and all claims which may be obtained in any U.S. and/or foreign patent or patents issuing from such U.S. and/or foreign patent applications, and all original and reissued patents which may be granted thereon in the U.S. or any foreign countries, and hereby authorize and request the Commissioner of Patents of the United States, and any official of any country or countries foreign to the United States whose duty it is to issue patents, registrations, or community designs on applications as aforesaid, to issue any patent or Letters Patent or Registrations to the said Research Institute at Nationwide Children's Hospital, its successors, assigns, nominees, or other legal representatives, as assignee and owner of the entire interest in the patent, Letters Patent, registered

design, and covenant that I have full right to convey said entire interest herein assigned and that I have not executed and will not execute any agreement in conflict herewith, and agree that I will communicate to said Research Institute at Nationwide Children's Hospital, its successors, assigns, nominees or other legal representatives, all facts known to me respecting said Invention, whenever requested, and testify in any legal proceedings, sign all lawful papers, execute and deliver all non-provisional, foreign, international, divisional, continuation, continuation-in-part, and/or reissue applications, registrations, and community designs, make all rightful oaths and do all lawful acts requisite for the application for such non-provisional, foreign, international, divisional, continuation, continuation-in-part, registrations, community designs, or reissue applications, or the procuring thereof, and that if and when said Research Institute at Nationwide Children's Hospital, its successors, assigns, nominees or other legal representatives desire to file a disclaimer relating thereto, I will, upon request, sign and deliver all lawful papers requisite for the filing of such disclaimer, and I further covenant and agree that I will, at any time upon request do everything legally possible to aid said Research Institute at Nationwide Children's Hospital, its successors, assigns, nominees or other legal representatives, either in its or our own name, to apply for, obtain and enforce proper patent protection in all countries, including priority rights granted to patents or registrations in foreign countries according to all the laws and treaties in force, all without further consideration but at the expense of said Research Institute at Nationwide Children's Hospital, its successors, assigns, nominees or other legal representatives.
