confirm our obligation to and hereby sell, assign and convey, unto Assignee, its successors  
and assigns, except as set forth below, our entire right, title and interest -

(1) in and to an invention entitled “Sensor Unit for a Vehicle” for which we have  
executed a United States patent application, said United States application being assigned  
U.S. Serial No. 14/000,299 and which is disclosed in Patent Cooperation Treaty Application  
No. PCT/EP2012/050717, filed on January 18, 2012;

(2) in and to said United States patent application, in and to all other patent  
applications (including divisional, continuation, continuation-in-part, §111(b) provisional,  
§111(a), reissue applications, and international patent applications designating the United  
States) based upon said invention, and in and to the patent or patents to be granted thereon,  
including reissues thereof, if any, to the full end of the term or terms for which said patent or  
patents may be granted; and

(3) in and to all patent applications on said invention now or hereafter filed in countries foreign to the United States of America, including patent applications filed under the Patent Cooperation Treaty, the European Patent Convention or any other international treaty, and including the right to claim priority of said United States application, and in and to any and all patents granted on said applications to the full end of the terms for which said patents may be granted.

We hereby agree that we will, upon demand of Assignee, its successors or assigns, and without further consideration to us, execute any and all papers that may be necessary, or deemed by Assignee, its successors or assigns, to be necessary, to a complete fulfillment of the intent and purposes of this Assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignee, its successors and assigns, and not by us.
