PATENT ASSIGNMENT

This Assignment made by JAMES KENG of Rancho Dominguez, California; and RIGOBERTO PEREZ of Hawthorne, California, Assignors, to CORDELIA LIGHTING, INC., a California corporation, Assignee, having a place of business at 20101 S. Santa Fe Ave., Rancho Dominguez, California 90221.

WHEREAS, Assignors have invented a new, original, and ornamental **THREE LAMP LED FAN LIGHT KIT**, for which an application for United States Design Patent has been filed in the United States Patent Office on April 9, 2014 and allocated Application No. 29/487,552; and

WHEREAS, Assignors believe themselves to be the original, first and joint inventors of the invention disclosed and claimed in said application for Design Patent; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title and interest in and to said invention, said application, and any Design Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors hereby sell, assign and transfer to Assignee, the entire right, title and interest in and to said invention, said application, and any Design Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and that giving of testimony, that may be necessary or desirable for obtaining, reissuing or enforcing said Design Patent in the United States and throughout the

world for said invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Design Patent granted for said invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Design Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part, reexamined, or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date written herein below.
