ASSIGNMENT

WHEREAS, we, Gary Piaget, Douglas A. Crawford, Edward L. Flick, Bradley J. Smith, Matt Rauwerdink, and Patrick A. Warner, whose post office addresses are shown below, have made a certain new and useful invention relating to a Exercise Device with Treadles, for which we have made application for Letters Patent of the United States, which application may be identified in the United States Patent Office as Application Serial No. 10/789,294 filed on February 26, 2004, for EXERCISE DEVICE WITH TREADLES; and

WHEREAS, Nautilus, Inc., a Washington corporation, whose post office address is 1400 NE 136th Avenue, Vancouver, Washington 98684-0818, by an earlier Assignment dated August 1, 2003, owns all right, title, and interest in and to the U.S. Provisional Application Serial No. 60/451,104 filed February 28, 2003, entitled Exercise Device with Treadles; and

WHEREAS, to the extent that we now own any right, title and interest in the invention described and claimed in Application Serial No. 60/451,104 not already transferred to Nautilus, Inc. by the earlier Assignment, we are desirous of assigning such interest to Nautilus, Inc.; and

WHEREAS, Nautilus, Inc. is desirous of acquiring the entire interest in and to said invention, said application and any continuation, continuation-in-part, divisional, renewal, or substitute thereof, international and foreign and regional applications corresponding thereto, and the Letters Patent, or any reissue or reexamination thereof, to be obtained therefor:

NOW THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration to us in hand paid, the receipt and sufficiency of which are hereby acknowledged, we have sold, assigned, and set over and by these presents do hereby sell, assign and set over unto Nautilus, Inc., and its legal representatives, successors and assigns, the entire right, title and interest in and to said invention, said application and any continuation, continuation-in-part, divisional, renewal or substitute thereof, international and foreign and regional applications corresponding thereto, and the Letters Patent, both foreign and domestic, that may or shall issue thereon, or any reissue or reexamination thereof, to the extent we own any part thereof; and we do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above-mentioned assignee, consistent with the terms of this Assignment.

We HEREBY AUTHORIZE the above-mentioned assignee to insert in this instrument the filing date and serial number of said application, and the execution date of said earlier Assignment.

UPON SAID CONSIDERATION, we hereby covenant and agree with the said assignee that we will not execute any writing or do any act whatsoever conflicting with these presents, and that we will, at any time upon request, without further or additional consideration, but at the expense of the said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, continuation, continuation-in-part, divisional, renewal, reissued or extended Letters Patent of the United States, or of any and all foreign countries, on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties.
