ASSIGNMENT

Whereas Nfinity IP, having a place of business at 530 Permalume Place NW, Atlanta, GA 30318 owns all right, title and interest in U.S. patent application serial number 29/379,708, filed with the U.S. Patent & Trademark Office on November 23, 2010, and entitled "Padded Arm Guard" (hereinafter referred to as "**patent application**").

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Nfinity IP (also referred to herein as "**Assignor**"), does hereby sell, assign, transfer and convey unto Nfinity IP, LLC. (also referred to herein as "**Assignee**") or its designees, all of Assignor's entire right, title and interest in and to the patent application; (b) all reissues, reexaminations, continuations, parents, continuations-in-part, divisionals and extensions (collectively "related cases") of such patent application; (c) patents or patent applications (i) to which any or all of the foregoing directly or indirectly claims priority, (ii) for which any or all of the foregoing directly or indirectly forms a basis for priority, and/or (iii) that directly or indirectly incorporate by reference any or all of the foregoing or are directly or indirectly incorporated by reference by any of the foregoing; (d) all related cases (whether pending, issued, abandoned or filed in the future) and foreign counterparts to any or all of the foregoing, including without limitation utility models design patents, certificates of invention and equivalent rights worldwide; and (e) the inventions, discoveries and improvements described or claimed in any or all of the foregoing (collectively "**Patent Rights**"). With this conveyance, ownership of the Patent Rights becomes solely owned by Nfinity IP, LLC, instead of owned by Nfinity IP.

In addition, Assignor agrees to and hereby does sell, assign, transfer and convey unto Assignee all rights (i) in and to causes of action and enforcement rights for the Patent Rights including all rights to pursue damages, injunctive relief and other remedies for past, present and future infringement of the Patent Rights, (ii) the right to apply (or continue prosecution) in any and all countries of the world for patents, design patents, utility models, certificates of invention or other governmental grants for the Patent Rights, including without limitation under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement or understanding, and (iii) the rights, if any, to revive prosecution of any abandoned Patent Rights.

Assignor also hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents or certificates of invention or equivalent which may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

The terms and conditions of this Assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, its successor, assigns and other legal representatives.
