WHEREAS, I, Kenneth J. Susnjara, a citizen of the United States of America, residing at Route 2, Box 110, Birdseye, Indiana, 47513, U.S.A. have made a certain invention entitled **System for Positioning a Workpiece on a Machine Worktable** for which I am about to make application for letters patent of the United States of America; and

WHEREAS, Thermwood Corporation, an Indiana corporation having its principal place of business in the Town of Dale and the State of Indiana, U.S.A., is desirous of acquiring an interest therein.

NOW, THEREFOR, in consideration of Ten Dollars (US \$10.00), in currency of the United States of America, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, Kenneth J. Susnjara by these presents, do sell, assign and transfer unto said Thermwood Corporation, my entire right, title and interest, for the United States of America and its possessions and territories, in and to said invention as described and claimed in said application for letters patent of the United States of America, executed by Kenneth J. Susnjara on the 8th day of MAY, 2014, preparatory to obtaining letters patent of the United States of America therefor, said application for letters patent of the United States of America, and in and to any letters patents that may be granted for said invention; said invention, application for letters patent and letters patents, and any continuations, continuations-in-part, divisions, reissues, extensions and renewals thereof, to be held and enjoyed by said Thermwood Corporation, for its own use and behoof and for its legal representatives, successors and assigns, to the full ends of the terms for which said letters patents may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

For the same consideration, I hereby covenant and agree that I will and that our legal representatives shall execute and deliver any and all application papers, assignments, powers of attorney and other instruments that said Thermwood Corporation, may consider necessary or advisable to secure letters patents of the United States of America for said invention, and any continuations, continuations-in-part, divisions, reissues, extensions and renewals thereof, and to vest and confirm in said Thermwood Corporation, the full and complete legal and equitable title to said invention, application and letters patents, without further consideration than that now paid but at the expense of said Thermwood Corporation.

Executed this 8th day of May, 2014.
