5. Employee hereby agrees to assign (and hereby does assign) to FSI all of Employee's right, title and interest to all discoveries, improvements, processes, concepts, analyses, evaluations, methods, formulas, techniques and ideas (whether or not shown or described in writing or reduced to practice) and works of authorship, including any products, designs, studies and/or services derived therefrom, whether or not patentable or copyrightable, and including any applications for Letters Patent and to Letters Patent granted, including foreign Letters Patent,

- (i) which relate directly to FSI's business, or
- (ii) which relate to FSI's actual or demonstrably anticipated research and development, or
- (iii) which result from any work performed for FSI, or
- (iv) for which equipment, supplies, facilities or trade secret information of FSI is used, or
- (v) which are developed on any FSI time (hereinafter "Inventions").

Employee also hereby agrees to apply, at FSI's request and expense, for the United States and any foreign Letters Patent, or copyright, either in Employee's name or otherwise as FSI shall determine, relating to all such Inventions. Employee agrees to promptly and fully disclose and describe all Inventions to FSI and to keep accurate, complete and timely records of such Inventions, such records to be the property of FSI and to be retained on its premises.

Redacted

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the day and year first-above written.
