ASSIGNMENT

WHEREAS, we, Murat DIVRINGI and Ozan Eren BILGEN (hereinafter referred to as ASSIGNORS), each having post office addresses as 10700 NE 4th Street #2614, Bellevue, Washington, 98004 and 532 Forest Ave. Apt. 6, Palo Alto, California 94301, are the joint inventors of an invention entitled "SYSTEMS, METHODS AND APPARATUSES FOR ASSOCIATING FLEXIBLE INTERNET BASED INFORMATION WITH PHYSICAL OBJECTS," as described and claimed in the specifications of Provisional Application No. 61/544,792, filed October 7, 2011 and International Application No. PCT/US2012/059106 filed October 5, 2012 and to the inventions disclosed therein;

WHEREAS, Dynotag, Inc. (hereinafter "Assignee") having an address at 1122 East Pike Street, #975, Seattle, WA 98122-3934, is desirous of acquiring all right, title and interest in and to the application, and to the inventions disclosed therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, be it known that Assignors have sold, conveyed, assigned and transferred, and does hereby sell, convey, assign, transfer and set over unto Assignee, the entire right, title and interest in and to: (i) the applications and all the inventions claimed or disclosed in such applications; (ii) all pending applications and all provisional applications, divisional applications, continuation applications, continuation-in-part applications, continued prosecution applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States and all foreign countries on any of said inventions or improvements, or claiming priority to or relying on the disclosure of the application, or to which the application directly or indirectly claims priority; (iii) all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on said inventions, improvements and/or patent applications; and (iv) all rights of priority resulting from the filing of said patents and/or patent applications ((i) – (iv) collectively, the "Patents").

Said sale, conveyance, assignment and transfer includes, without limitation, all rights to enforce, assert and sue for past, present and future infringement of the Patents, all rights to collect royalties on account of the Patents, and all rights to recover and collect for past, present and future damages related to the Patents, including injunctive relief or any other remedies of any kind.

Assignors hereby authorize and request the competent authorities to grant and to issue any and all such Patents in the United States and throughout the world to the Assignee and the entire right, title and interest therein, as fully and entirely as the same would have been held and enjoyed by Assignors has this assignment not been made.

Assignors further agree at any time to cooperate with Assignee, and to execute and to deliver upon request of the Assignee such additional documents, if any, as are necessary or desirable, in the prosecution of the Patents, and to secure patent protection on said inventions, discoveries and applications throughout all countries of the world, and otherwise to do such acts as are necessary to give full effect to and to perfect the rights of the Assignee under this Assignment, including the execution, delivery and procurement of any and all further documents evidencing this assignment, transfer and sale as may be necessary or desirable.
