## ASSIGNMENT

WHEREAS, I, **BELEGGIA, Marco**, citizen of Italy and residing at Alt Nowawes 59, 14482 Potsdam, GERMANY have made an invention as described and claimed in the application(s) for Letters Patent entitled

### "PHASE CONTRAST IMAGING AND PREPARING A TEM THEREFOR"

filed in the United States of America on **January 19, 2010** under Provisional Application No. **61/336,256**; filed in the United States of America on **January 15, 2011** under Application No. **12/930,749**; and filed in the Japanese Patent Office on **January 17, 2011** under Application No. **2011-007213**;

and WHEREAS **National Research Council of Canada**, a body corporate under the *National Research Council Act* by the Parliament of Canada, and situated in the city of Ottawa, Province of Ontario, Canada, is desirous of acquiring the entire interest therein;

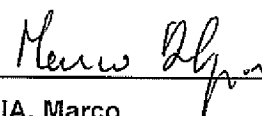

NOW, THEREFORE, in consideration of ONE DOLLAR (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I **BELEGGIA, Marco** by these presents do sell, assign and transfer unto the **National Research Council of Canada**, the full and exclusive right, for the territory of Canada, the United States of America, and all other foreign countries, including the right to claim priority, the right to file foreign applications under the provisions of the International Convention and national laws, the right to file any divisional and/or continuation applications, and my full and exclusive right in and to said divisional and/or continuation applications, in and to said invention;

and I hereby request the Commissioner of Patents and Trademarks to issue said Letters Patent, as far as my rights are concerned, to **National Research Council of Canada**, as the assignee, for the sole behoof of said **National Research Council of Canada**, and its legal representatives, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by myself in the event that ownership rested with me, the inventor. In addition, I confirm that the **National Research Council of Canada** has full rights to abandon the invention and any related patents or patent applications or any aspect thereof in any and all jurisdictions at its sole discretion and without providing compensation to myself.

The inventor signing this document acknowledges that, except as explicitly noted herein, his/her entire inventive contribution made toward this invention was completed in the course of his/her work with and/or for the **National Research Council of Canada** and no other person or organization has any claim to their rights in the invention or any aspect thereof and the inventors have not granted or purported to grant rights in the invention to any other party or organization at any time.

This document has been read and understood prior to signature. Receipt of sufficient opportunity to seek clarification of any concerns is acknowledged.

Executed this 8 day of MAY, 2014 at RGS. LYNGBY Denmark.
