Declaration of Assignment

The first undersigned (hereinafter referred to as 'assignor'):

Kitozyme S.A.
Parc Industriel des Hauts Sarts, Zone 2
Rue Haute Claire 4
4040 Herstal
Belgium

herewith assigns all rights pertaining to the US patent application No. 13/320,004 (hereinafter referred to as 'the patent application'), which has a filing date of May 12, 2010, and is entitled: "ADHESIVE COMPOSITION", to the second undersigned (hereinafter referred to as 'assignee'):

Synolyne Pharma
Rue Haute Claire 4
4040 Herstal
Belgium

The assignment involves above-mentioned patent application including the right to claim priority under the Paris Convention for the invention claimed therein from European application No. 09160133.6 and the rights on any divisional applications, and all patents which may be granted thereon. The assignee declares to have accepted all these rights.

The assignor assigns all claims for damages and all remedies arising out of any violation of the rights assigned hereby that may have accrued prior to the date of assignment to the assignee, or may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of patents which may be granted on the invention from the patent application before or after issuance.

The assignor will communicate to the assignee any facts known to him respecting the patent application and will generally do what can be reasonably

expected to aid the assignee to obtain and enforce proper patent protection based on this application.

The assignor and the assignee agree that the transfer is recorded with the US Patent Office.
