PATENT ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency thereof being hereby acknowledged, each undersigned inventor acknowledges his/her prior and ongoing obligation to sell, assign, and transfer, and agrees to sell, assign, and transfer the entire world wide right, title and interest for the United States and all foreign countries, in and to any and all inventions and improvements conceived during and within the scope of his/her employment, and hereby sells, assigns, and transfers, unto:

NuSpecies Global Machines Corporation
93 Overhill Road
Stormville, NY 12582

(hereinafter referred to as "NuSpecies") a corporation of New York, all right, title, and interest, in and to the certain inventions, applications, and any United States and foreign Letters Patents to be obtained therefore relating to:

WINDMILL GENERATOR as set forth in U.S. Patent Application No. 13/900,851, filed May 23, 2013, and identified by Attorney Docket Number SOLA-0004;
WINDMILL GENERATOR as set forth in U.S. Utility Patent Application identified by Attorney Docket Number SOLA-0005; and
WINDMILL GENERATOR as set forth in Patent Application filed under the Patent Cooperation Treaty identified by Attorney Docket Number SOLA-0005-PCT,

including, for each identified above, any and all divisions, continuations, and national stage applications thereof and all rights of priority to be obtained therefore which may issue on any such application or for said invention therein disclosed, including any and all reissues or extensions thereof, to be held and enjoyed by, its successors, legal representatives and assigns to the full end of the term or terms for which any and all such Letters Patent may be granted as fully and entirely as would have been held and enjoyed by the undersigned had this Assignment not been made;

Each undersigned inventor hereby authorizes and requests the U.S. Commissioner of Patents and Trademarks, and similar agents of foreign patent offices, to issue any and all such Letters Patent to the NuSpecies, its successors and assigns, in accordance herewith;

Each undersigned inventor warrants and covenants that he/she has the full and unencumbered right to sell and assign the interests hereby sold and assigned and that he/she has not executed and will not execute any document or instrument in conflict herewith;

Each undersigned inventor further covenants and agrees that he/she, upon the request and at the expense of NuSpecies, will execute and deliver any papers, make all rightful oaths, testify in any legal proceeding relating to said inventions and improvements, communicate to the NuSpecies all facts known to the undersigned relating to such inventions and improvements and the history

thereof; and perform all other lawful acts deemed necessary or desirable by the NuSpecies, and its legal representatives, to secure, maintain, and enforce patent protection for such inventions and improvements and for vesting title to such inventions and improvements in the NuSpecies, and in particular to perfect title to said above-identified certain inventions, and applications including divisions and continuations thereof, and any and all Letters Patent which may be granted therefore or thereon, including reissues, extensions, or counterparts;

Each undersigned inventor hereby grants the NuSpecies the power to insert in this Assignment any further identification which may be necessary or desirable for recordation of this Assignment.

This Assignment is governed by the substantive laws of the state of New York.
