WORLDWIDE ASSIGNMENT

WHEREAS, **Vincenzo E. Di Cristofaro** (hereinafter "the **Inventor**"), whose address is 5116 Lakeshore Road, Burlington, Ontario L7L 1B9, Canada, has made the inventions described in the United States Provisional Patent Applications set out on the attached Schedule A (the "**Inventions**");

AND WHEREAS the **Inventor** considers it to be desirable that **ECO-H TECHNOLOGIES INC.** ("**ECO-H**"), whose address is 243 Queen Street North, Hamilton, Ontario L8R 3N6, Canada, be the sole owner of all rights in, to and in respect of the **Inventions**;

NOW THEREFORE in consideration of the sum of one Canadian dollar (CAD\$1.00) payable by **ECO-H** to the **Inventor**, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the **Inventor**, do hereby sell, assign and transfer to the said **ECO-H** the whole right, title and interest for the United States of America, Canada and all other countries and all other places that are not countries, in, to and in respect of the **Inventions** and in, to and in respect of all applications and all Letters Patent that may be obtained therefor in the United States of America, Canada, and all other countries and all other places that are not countries, including all divisional, renewal, substitute, continuation, reissue, re-examination and Convention applications and any Letters Patent to issue therefrom, together with every priority right that is or may be predicated upon or arise from the **Inventions**, the applications and the Letters Patent.

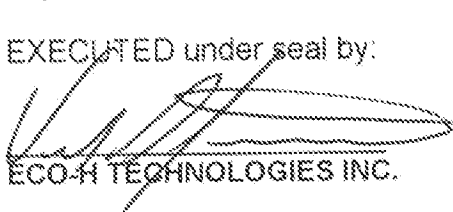

AND, I, the **Inventor**, hereby authorize **ECO-H** to file patent applications in respect of the **Inventions** in any countries and in any places that are not countries, and request that the United States Commissioner of Patents and Trademarks, the Canadian Commissioner of Patents, and all other patent authorities issue the Letters Patent to **ECO-H**, the assignee of the entire right, title and interest in and to the **Inventions** for its sole use and benefit; and for the use and benefit of its successors and assigns, to the full end of the term for which any Letters Patent in respect of the **Inventions** may be

granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

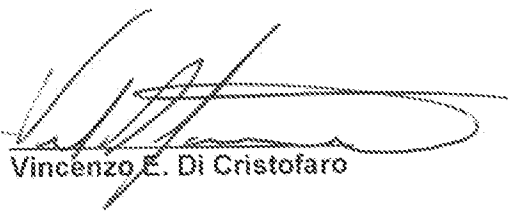

AND, I, the **Inventor**, hereby bind myself, my legal representatives and assigns to do, upon **ECO-H's** request, but without additional consideration, all acts reasonably serving to assure that the **Inventions**, the said patent applications and the said Letters Patent shall be held and enjoyed by **ECO-H** as fully and entirely as the same could have been held and enjoyed by me, my legal representatives and assigns if this assignment had not been made; and particularly to execute and deliver to **ECO-H** all lawful application documents including petitions, specifications and oaths, and all assignments, disclaimers and lawful affidavits in form and substance as may be requested by **ECO-H**; to communicate to **ECO-H** all facts known to me relating to said **Inventions** and discoveries or the history thereof; and to furnish **ECO-H** with any and all documents, photographs, models, samples and other physical exhibits in my control or in the facts or my conceptions, disclosures, and reduction to practice of the **Inventions**.

This agreement shall be governed by the laws of the Province of Ontario, including the federal laws of Canada applicable therein, and the parties each hereby irrevocably attorn to the non-exclusive jurisdiction of the Courts of the Province of Ontario, including the Federal Court of Canada to the extent the same has jurisdiction in any matter relating to this agreement.
