ASSIGNMENT

WHEREAS, Sobha Renaissance Information Technology, having a principle place of business at SRIT House, #113/1B, ITPL Main Road, Bangalore - 560 037, Karnataka, India ("Assignor"), owns the entire right, title, and interest in and to United States Patent Number 7,596,716, titled Method And System For Managing Networks, issued on September 29, 2009; and

WHEREAS, Objective Systems Integrators, Inc., having a principal place of business at 35 Iron Point Circle, Suite 250, Folsom, California 95630 ("Assignee"), is desirous of acquiring 100% interest in and to United States Patent Number 7,596,716, titled Method And System For Managing Networks, issued on September 29, 2009, and any other Letters Patent (including without limitation any reissue or reexamination patent) to be obtained therefore or therefrom;

NOW THEREFORE, for valuable consideration, the receipt and adequacy of which is hereby acknowledged, Assignor has sold, assigned, and set over, and hereby irrevocably, perpetually, and unconditionally sells, assigns, and sets over, unto Assignee and Assignee's representatives, successors, and assigns, 100% of Assignor's right, title, and interest in and to: (i) United States Patent Number 7,596,716, titled Method And System For Managing Networks, issued on September 29, 2009, and the Letters Patent that may issue therefore or therefrom, both foreign and domestic, including all foreign and domestic patent and patent applications, divisionals, continuations, continuations-in-part, reissues, extensions, substitutions, renewals and all other patent applications that claim priority to the above indicated patent, that may or shall issue thereon; and (ii) all past, present and future proceeds of said Letters Patent (including, but not limited to, all license royalties and proceeds of infringement suits), and in and to any and all causes of action for past, present and future

PATENT

infringement of any of said Letters Patent, or relating to any inventions or discoveries described therein, including the right to collect royalties for all such infringements and the right to sue on all such causes of action for Assignee's own use and benefit and the use and benefit Assignee's successors, assigns and legal representatives; and Assignor does hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to Assignee, consistent with the terms of this Assignment.

UPON SAID CONSIDERATION, Assignor does hereby covenant and agree with Assignee that Assignor will not execute any writing or do any act whatsoever conflicting with this Assignment, and that Assignor will, at any time upon request, without further or additional consideration, execute such additional assignments and other writings and do such additional acts as Assignee may deem reasonably necessary or desirable to perfect its enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, continuation-in-part, renewal, continuing, reissued or extended Letters Patent of the United States, or of any and all foreign countries, on said invention, and in enforcing any rights or chose an action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties.

Further, in the event that the Assignor hereunder becomes unwilling or unable to execute any documents required by the Assignor to perfect its title in any subject matter assigned to the Assignee hereunder, such Assignor gives the Assignor's designated counsel power of attorney to execute any such documents.

IN WITNESS WHEREOF, and having read this entire document including all prior pages, I have hereunto set my hand and affixed my seal effective as of 21/5/14 2014.
