ASSIGNMENT

In consideration of One Dollar (\$1.00) and other good and valuable consideration, receipt of which is hereby acknowledged, the undersigned,

John R. Birdsong
1529 Hickory Trail
Allen, Texas 75002

Kennon B. Porter
Rt. 3, Box 270
Bonham, Texas 75418

Hereby sell, assign and transfer to:

TOMKINS INDUSTRIES, INC., an Ohio corporation, having a place of business at 4801 Springfield Street, Dayton, Ohio 45431-1084, its successors and assigns (referred to collectively herein as the "Assignee");

their entire right, title and interest, in and for the United States and the Territories and Possessions thereof and all foreign countries, in and to the inventions in:

AIR DIFFUSER, AND MOLD AND METHOD FOR ITS PRODUCTION

set forth in the application for United States Letters Patent, executed concurrently herewith by the above-identified inventors; and in and to said application for United States Letters Patent, any and all other applications for Letters Patent on said inventions in countries foreign to the United States, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or upon said applications, and any and all Letters Patent and reissues and extension of Letters Patent granted for said inventions or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said applications and said Letters Patent; and

Hereby authorize said Assignee to file patent applications in any or all countries on any or all said inventions in the name of the undersigned or in the name of the Assignee or otherwise as the Assignee may deem advisable, under the International Convention or otherwise; and

Hereby authorize the Commissioner of Patents of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to the Assignee in accordance herewith; and

{J:\RICH\APPS\21488000.ASG;1}

Hereby agree and acknowledge that this assignment is being made under covenant that:

Full power to make this assignment is had by the undersigned:

Such assigned right is not encumbered by any grant, license, or other right heretofore given; and that

The undersigned will do all acts reasonably requested by the Assignee to assure that the said inventions, patent applications and Letters Patent shall be held and enjoyed by the Assignee as fully and entirely as the same could have been held and enjoyed by the undersigned if this assignment had not been made, and particularly to execute and deliver to the Assignee all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, and lawful affidavits in form and in substance which may be requested by the Assignee, to furnish the Assignee with all facts relating to said inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may be useful for establishing the facts of conception, disclosure and reduction to practice of said inventions, and to testify in any proceedings relating to said inventions, patent applications and Letters Patent.
