**ASSIGNMENT**

THIS ASSIGNMENT, made by me, **Scott M. W. Haufe**, a citizen of The United States of America, residing in Niceville, Florida;

WITNESSETH: That,

WHEREAS, I am one of the joint inventors of certain new and useful improvements in **MINIMALLY INVASIVE METHODS FOR SPINAL FACET THERAPY TO ALLEVIATE PAIN AND ASSOCIATED SURGICAL TOOLS, KITS AND INSTRUCTIONAL MEDIA** for which U.S. Provisional Application No. 61/977,817 was filed on April 10, 2014 in the United States Patent and Trademark Office; and

WHEREAS, **Medovex Corp.**, a Nevada corporation having a principal place of business at 1735 Buford Hwy., Suite 215-113, Cumming, Georgia 30041, hereinafter referred to as Assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in said provisional application, and in and to any and all applications claiming priority thereto and any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold and/or by these presents do hereby sell, assign, transfer, and convey unto the said Assignee, its successors and assigns, the entire right, title, and interest in and to the said invention and provisional application, and in and to any and all subsequent patent applications which claim the benefit of priority thereto, as well as all continuations, continuations-in-part, or divisions thereof and PCT applications, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereon or therefor, together with the right to claim priority to said application and any associated provisional applications, in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

I further covenant and agree that, at the time of the execution and delivery of these presents, I possess full title to the invention and application above-mentioned, and that I have the unencumbered right and authority to make this assignment.

I further covenant and agree to communicate to said assignee or its representatives any facts known to me relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the Assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention in all countries and to vest in the Assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said Assignee, its successors, assigns, and other legal representatives; and I hereby instruct, and further covenant and agree to bind my heirs, legal representatives, and assigns to do same, without further compensation, but at the expense of said assignee or its representatives.
