ASSIGNMENT

This Assignment is made by Stephen P. Darbin, Samuel N. Heffington, John Stanley Booth and Raghavendran Mahalingam (hereinafter referred to as "Assignors").

WHEREAS, Assignors have invented a new and useful invention entitled:

THERMAL MANAGEMENT SYSTEM FOR CARD CAGES

for which a United States Letters Patent has been granted, said United States Letters Patent being assigned U.S. Patent Number 7,760,499 (USAN 12/465,645, filed May 14, 2009), and having an issue date of July 20, 2010, and

WHEREAS, Assignors believe themselves to be the original inventors of the invention disclosed and claimed in said Letters Patent; and

WHEREAS, the parties desire to have a recordable instrument assigning the entire right, title and interest in and to said invention, said Letters Patent and any other patent that may be granted, or patent application that may be filed, for said inventions in the United States and throughout the world, including all U.S. applications, Continuation-In-Part applications, Continuation applications, Divisional applications, reissue applications and PCT and/or foreign national and/or regional applications;

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors sell, assign, and transfer to **NUVENTIX, INC.** (hereinafter referred to as "Assignee"), the entire right, title, and interest in and to said invention, said Letters Patent, any patent application that may be filed on, and any Letters Patent that may be granted for, said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignors agree that, upon request and without further compensation, but at no expense to Assignors, they and/or their legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or

desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignors represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner for Patents of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed divisional, continuation, continued prosecution application or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date provided below.
